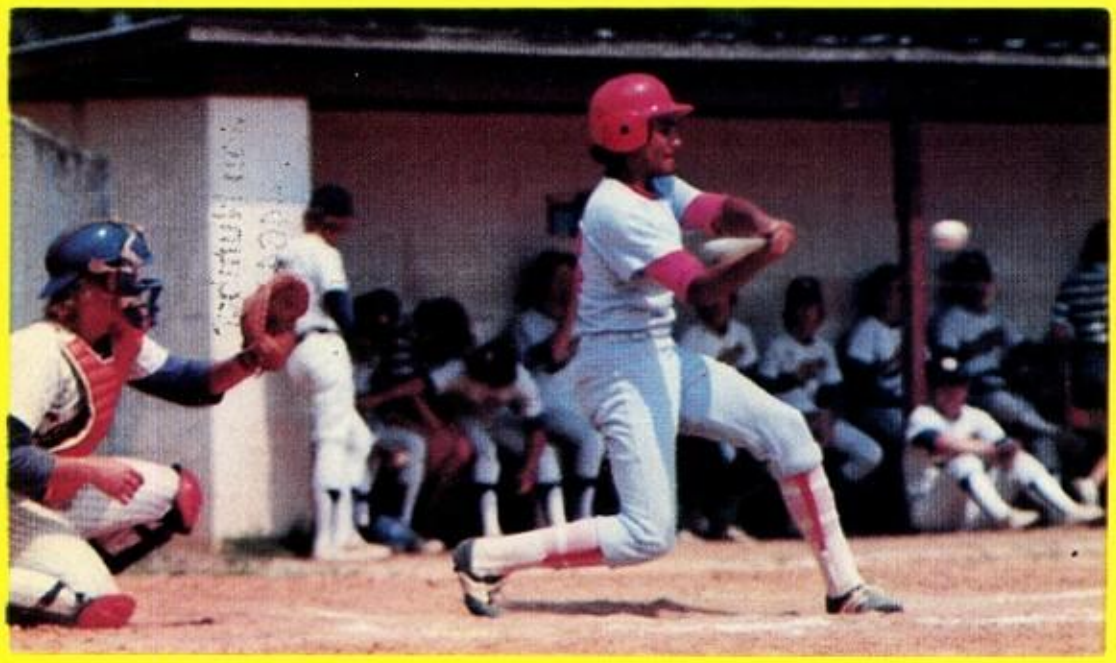
BUCCANEER

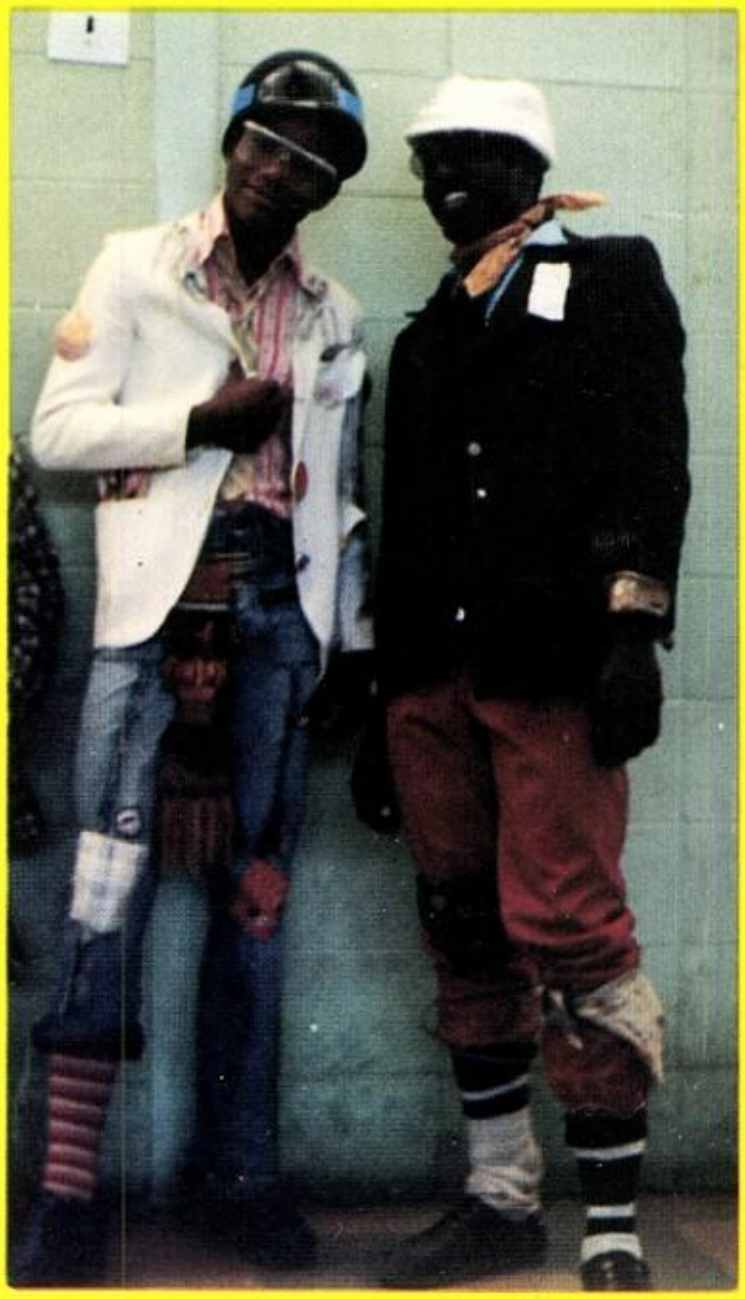
McIntosh County Academy

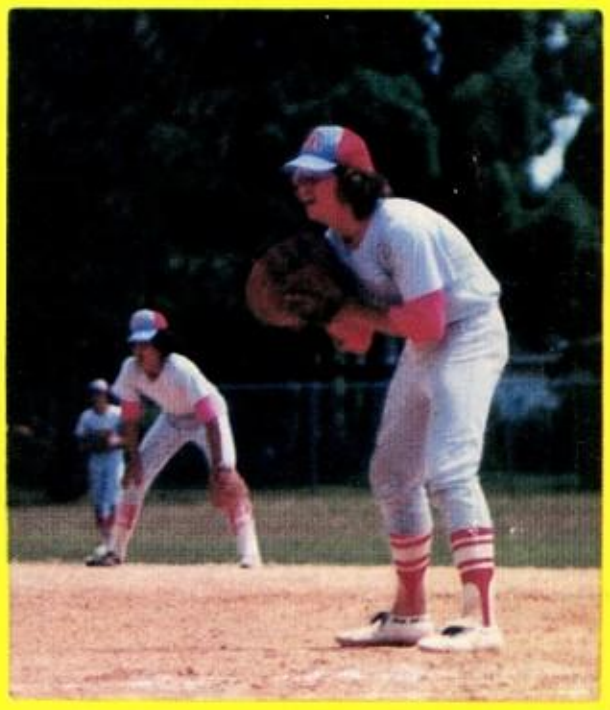
1978 BUCCANEER Vol. VIII

Darien, Georgia

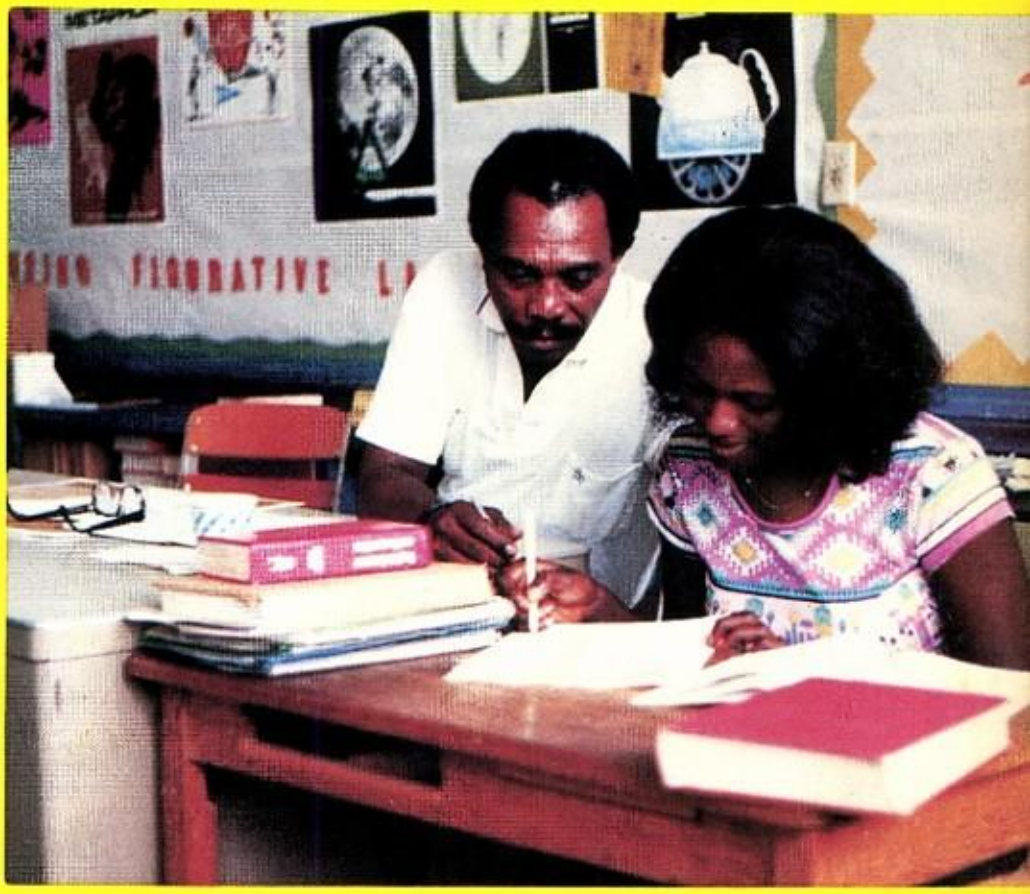
We cherish our yesterdays;
We know the past will never return;
We remember close friends and
meaningful relationships. . . .

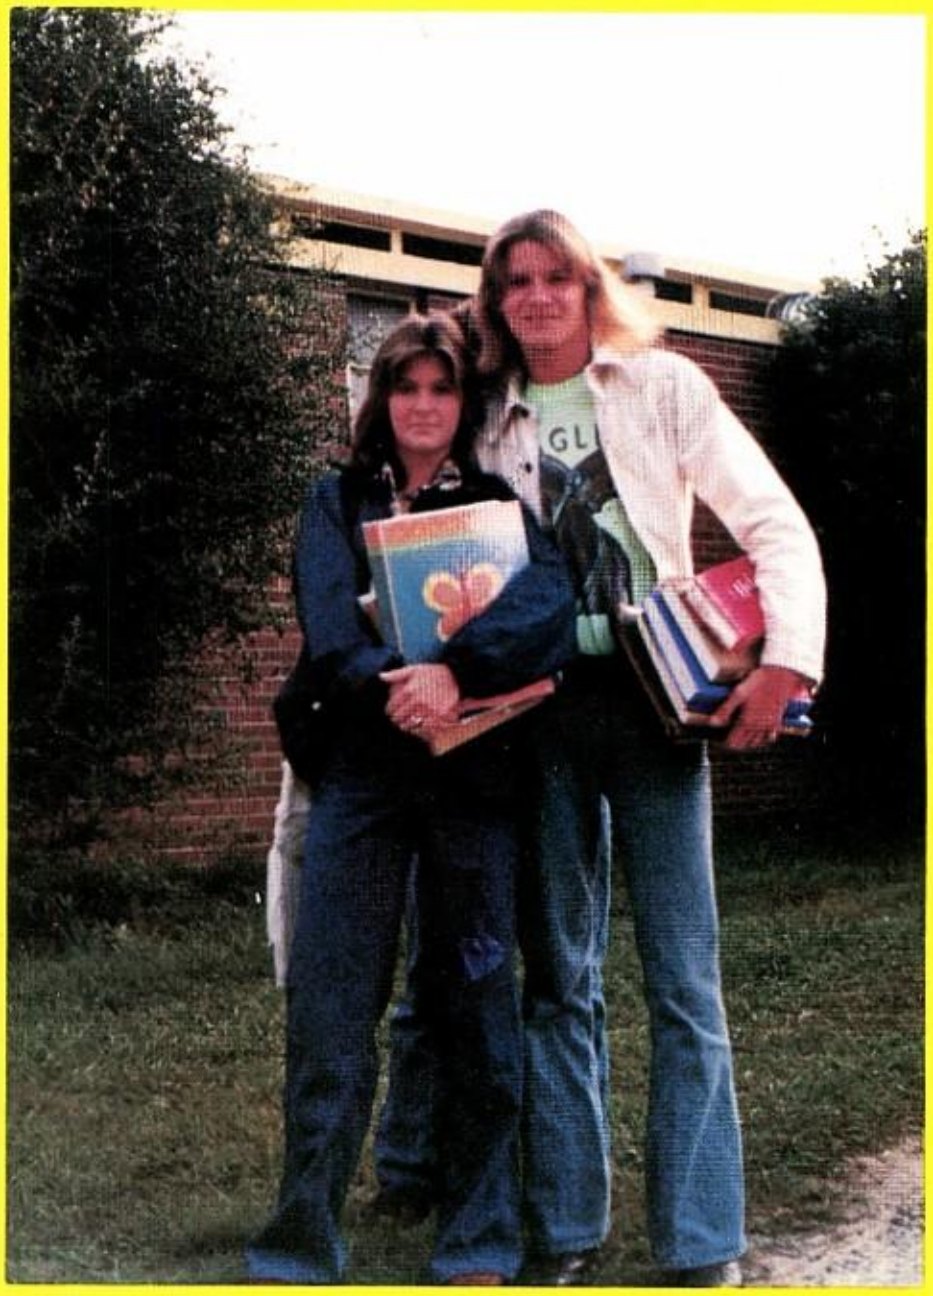




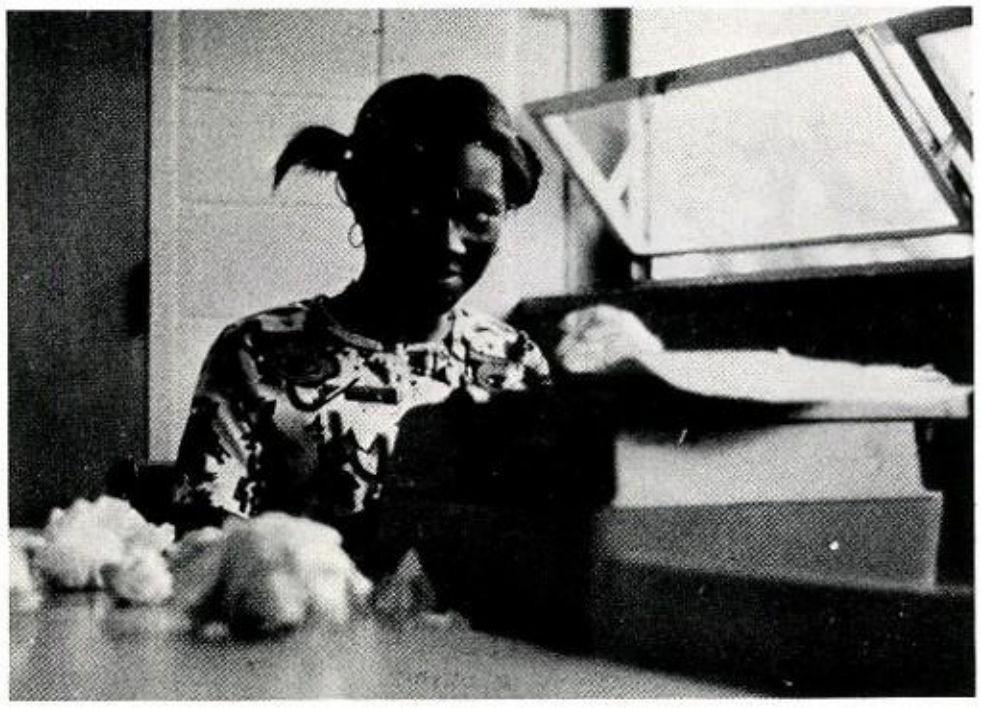


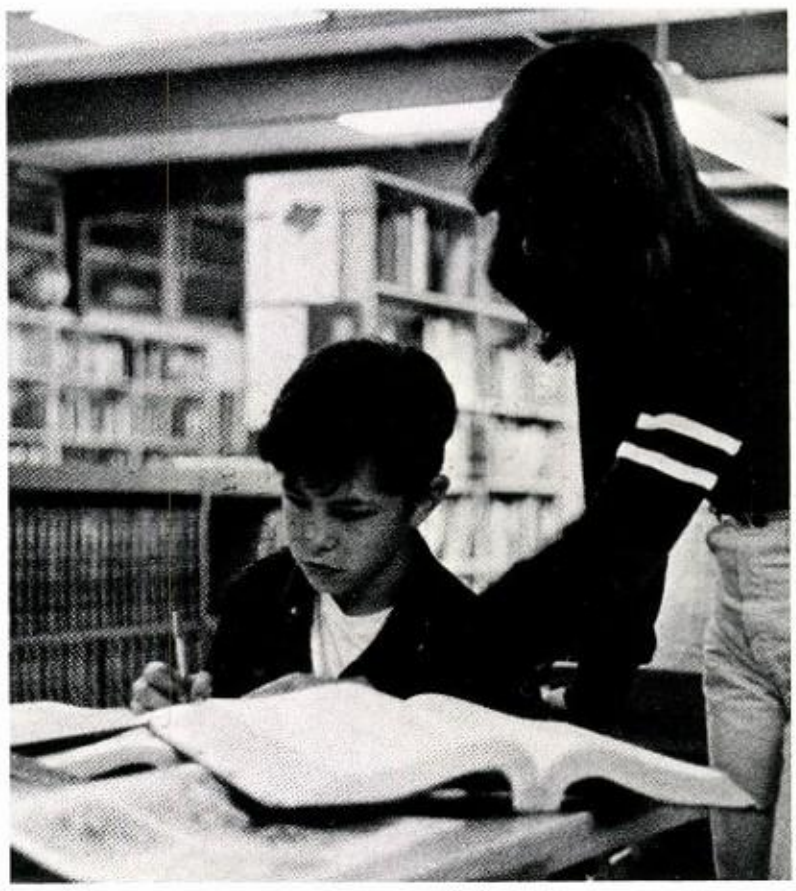
Memories will always have a special place in our hearts. We will reminisce about high school sweethearts — Randy and Cindy, David and Shederra. With Will and Tommy on our baseball team we knew we could not lose. Vernon, Dennis, Meg, and Warren gave us laughs on Sloppy Joe Day. Sharing laughs around a crowded table at lunchtime will always bring back jovial memories. We even found pride and pleasure in serving our teachers as aides.

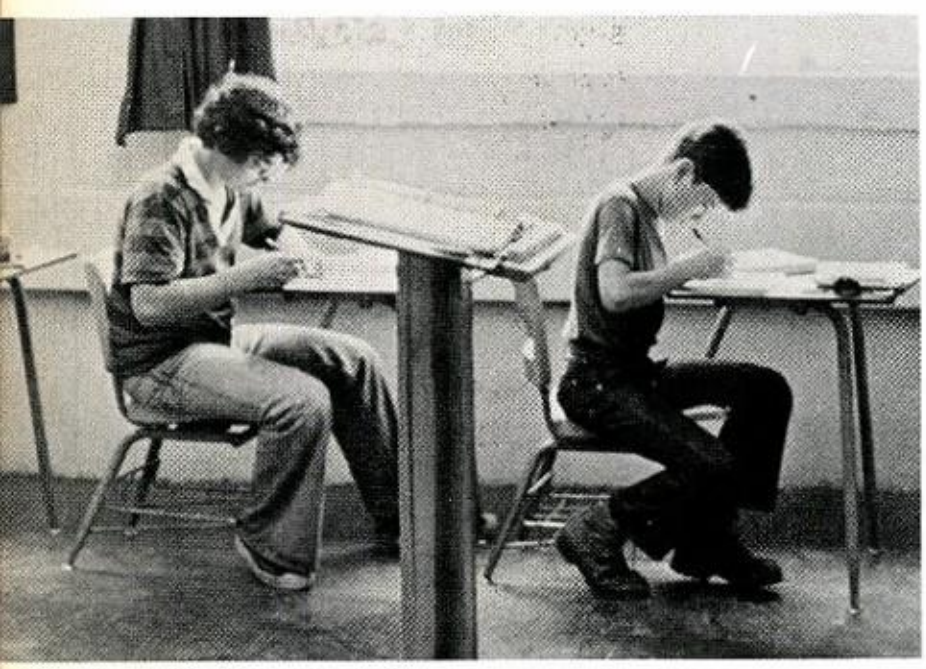


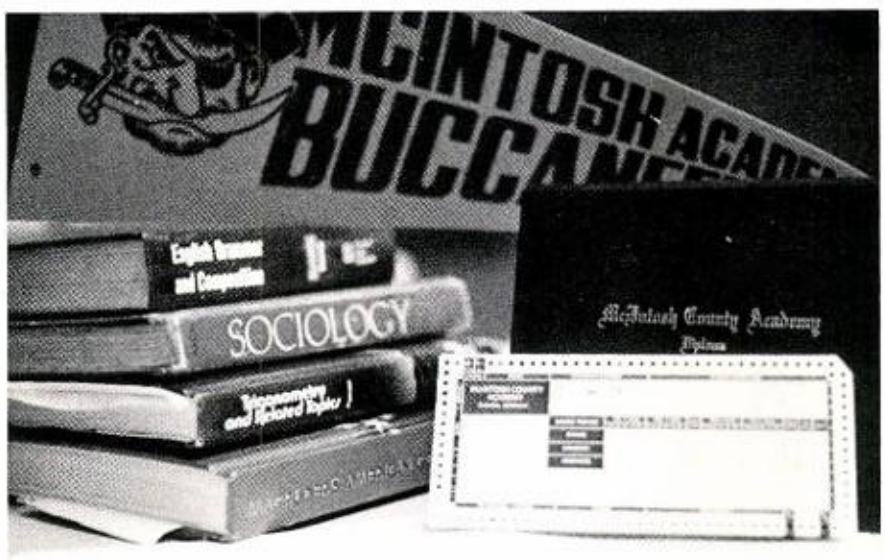


We appreciate the goals
we struggled to achieve;
We draw from the knowledge
which we have stored. . . .



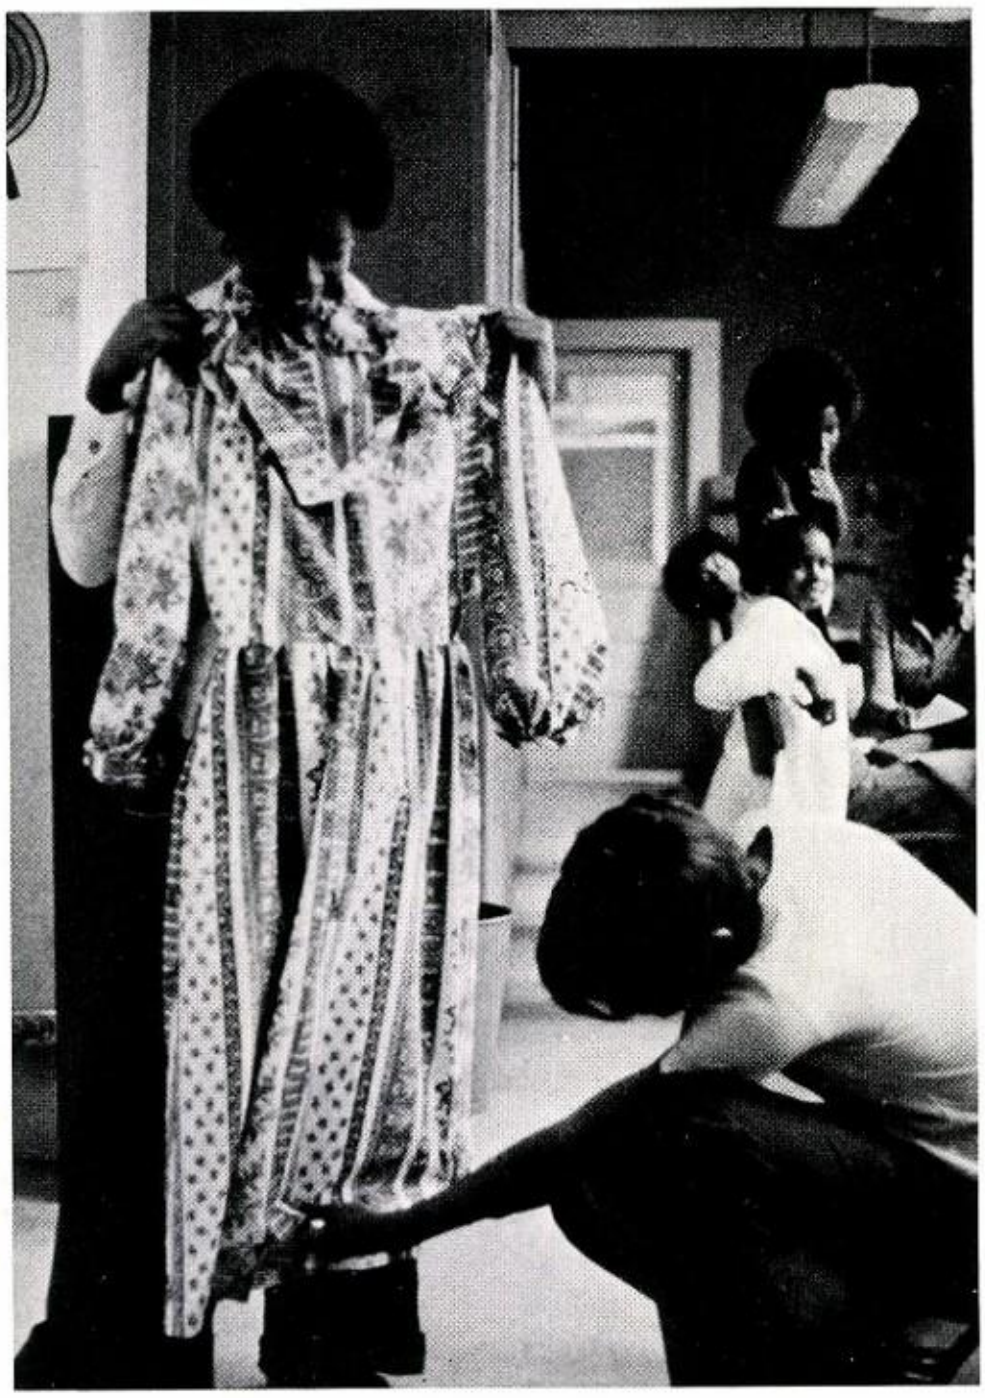


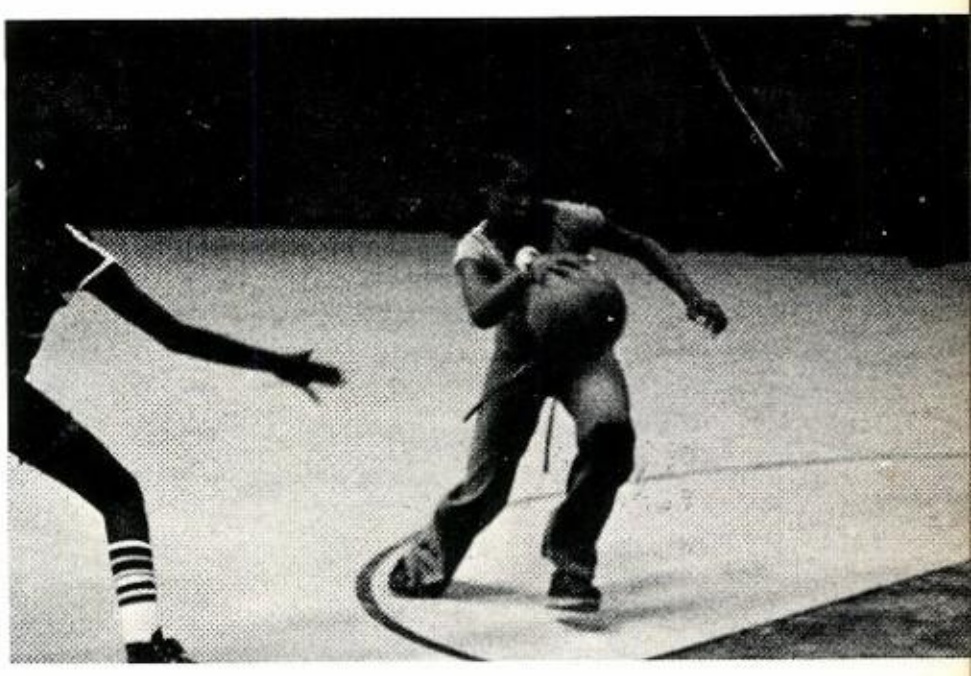




Accomplishing a goal is not always easy to do. Sometimes we need help from a more experienced schoolmate. At other times we just have to keep trying until we get things right. Being elected president and vice-president of the Senior class, winning trophies in athletics, and graduating from high school are very important goals for us.

We now can apply the knowledge we have gained from our school experiences. Adriene helps Meatta mark the hem on a dress while Donna drafts a border. Keith and Eddie use a formula to work an algebraic equation. In the meantime, Maria practices the skills she has learned in basketball.

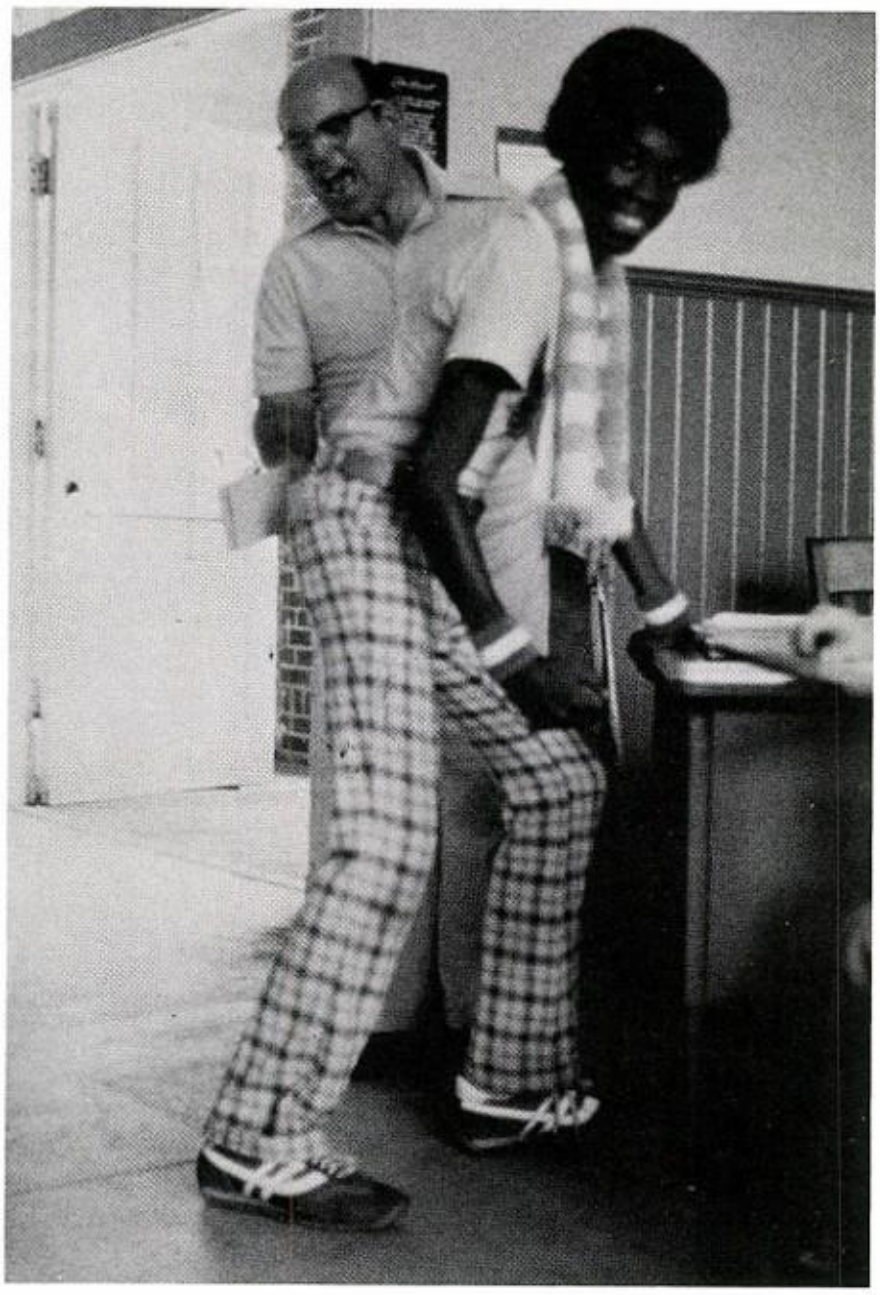


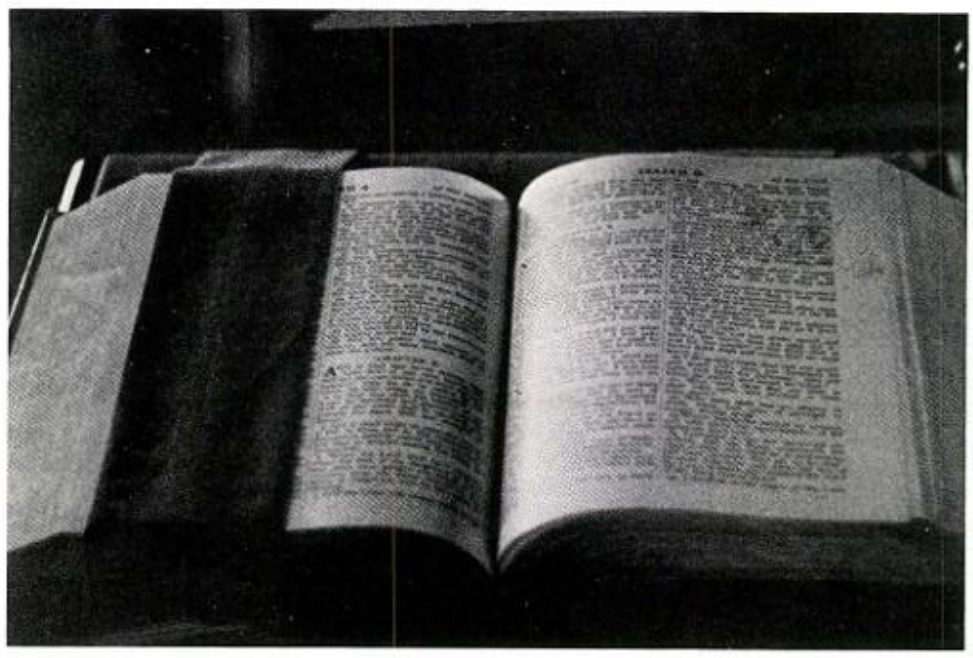


We live for today;
We find at sunrise
guidance and strength for
our way. . . .

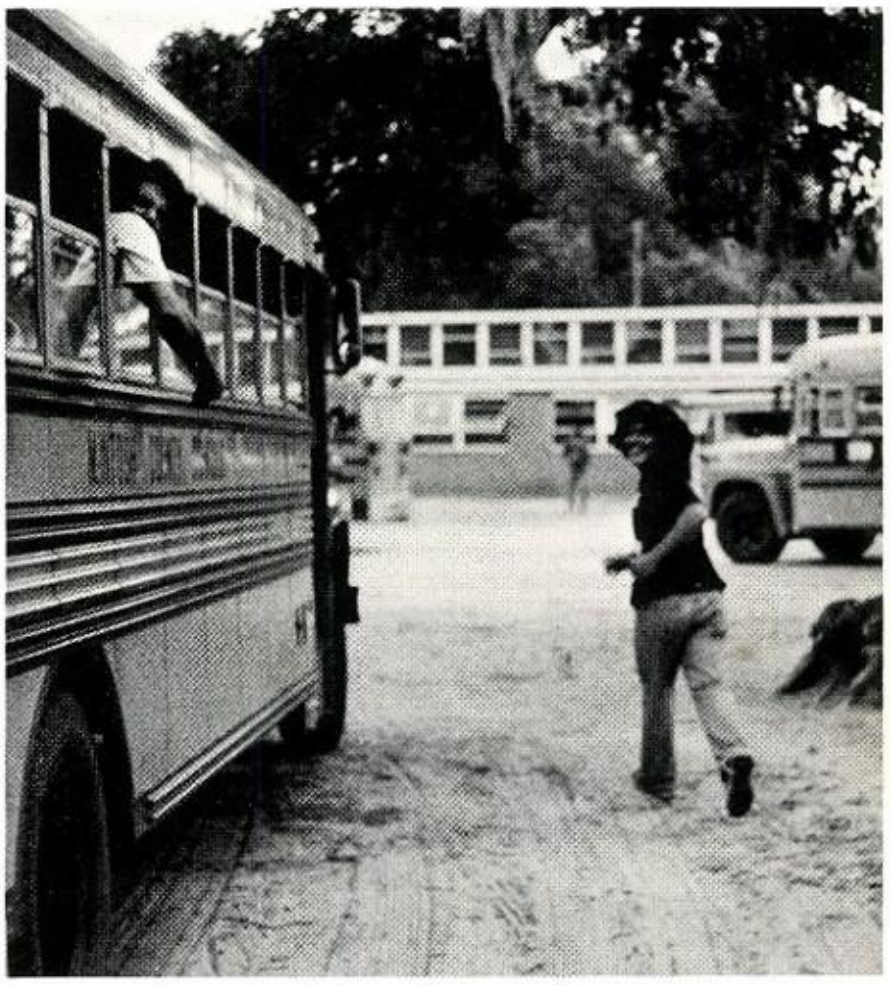
There are times when we need someone to help us find the right way through life. People in the community give us this support: Mr. Ethington serves as the superintendent and Bill Williams directs our way home each day. Sometimes we find strength through religion. We live in a country where we are fortunate enough to be able to worship the faith of our choice. In the meantime Wesley and Scot raise the flag each morning to display our patriotism.

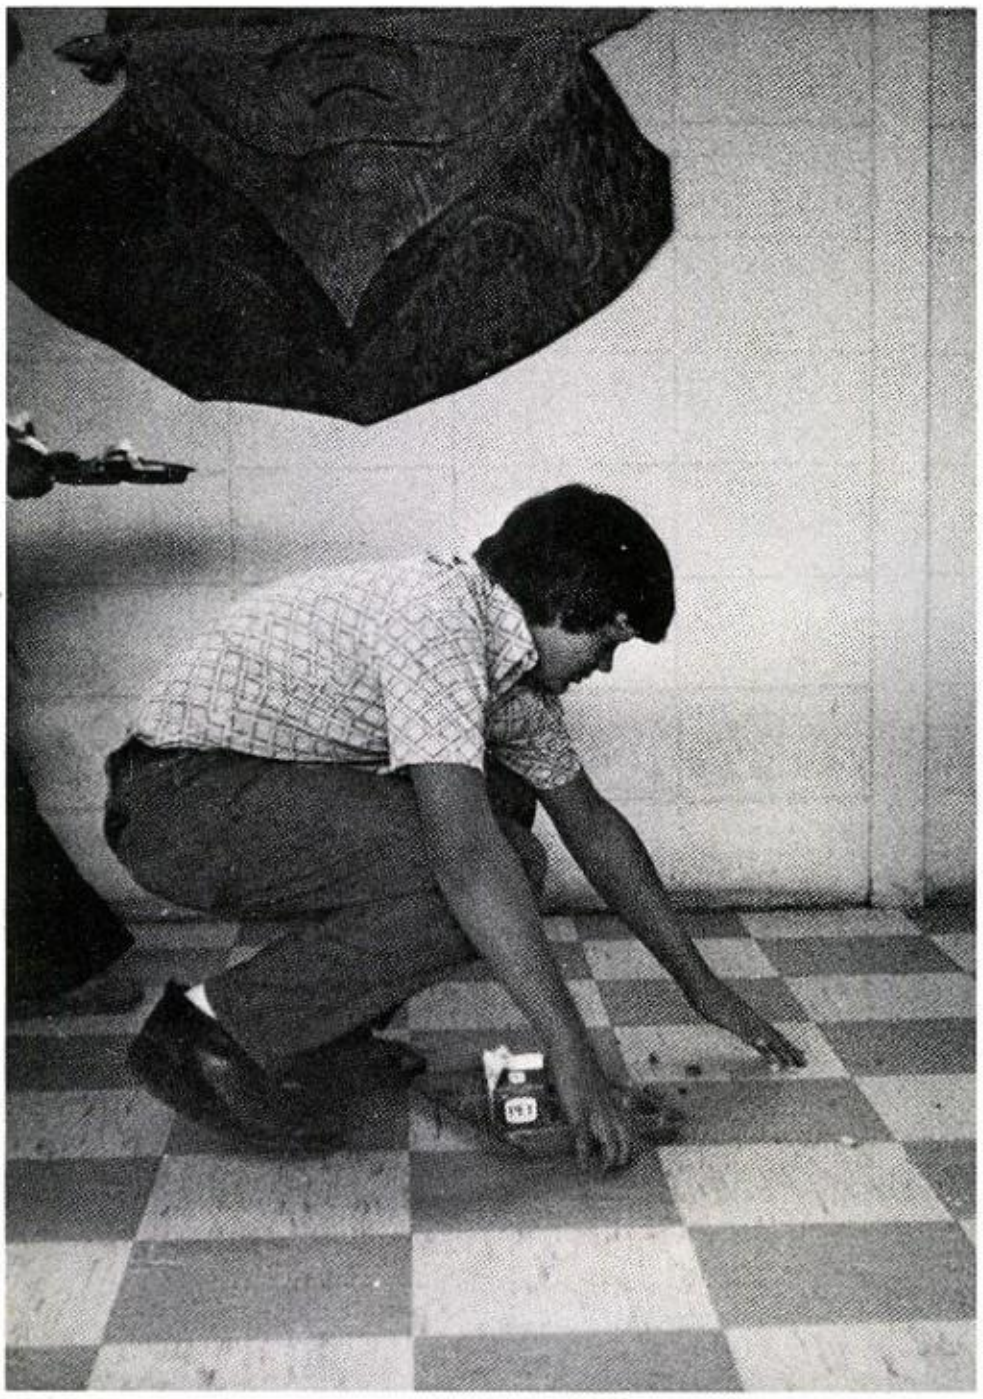
We feel more powerful
for each moment of pain;
We radiate comfort for every
sorrow. . . .





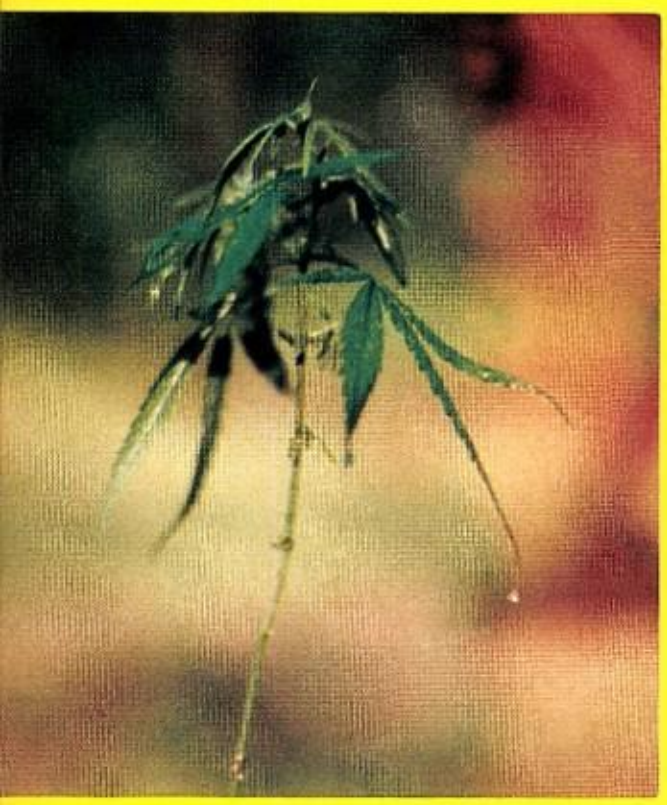
We find comfort in God or a friend when we experience troubled times, such as Beverly helping Delia through a painful ordeal. We gain knowledge about dealing with future situations, and not repeating the same mistake. Lamar learns this when he gets left by the bus, and Ronnie learns when he makes Mr. Mann angry. Some of us learn from the mistakes other people make, like Chuck dropping his lunch tray.

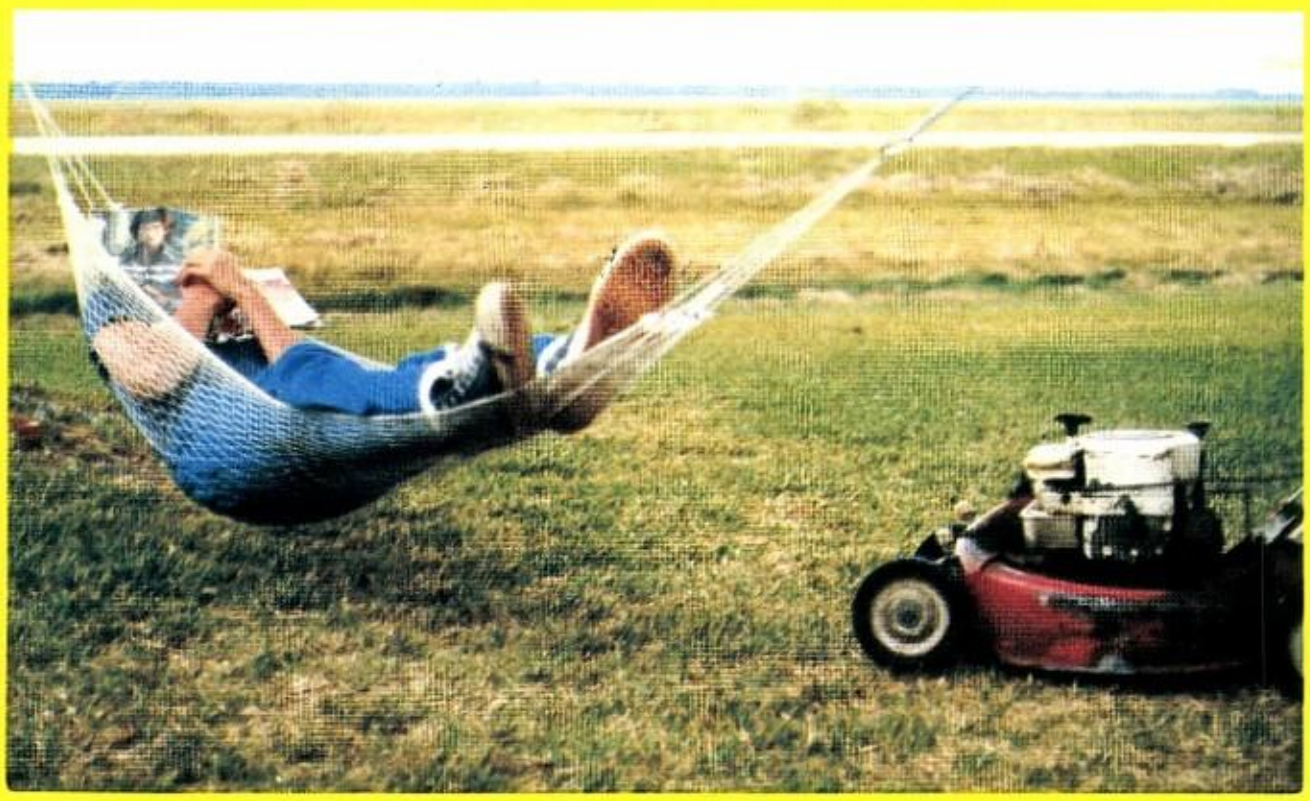




Dear Nancy,
I'm one of my
friends to leave known
for a long time.
Your friend,
Rally & Studebaker

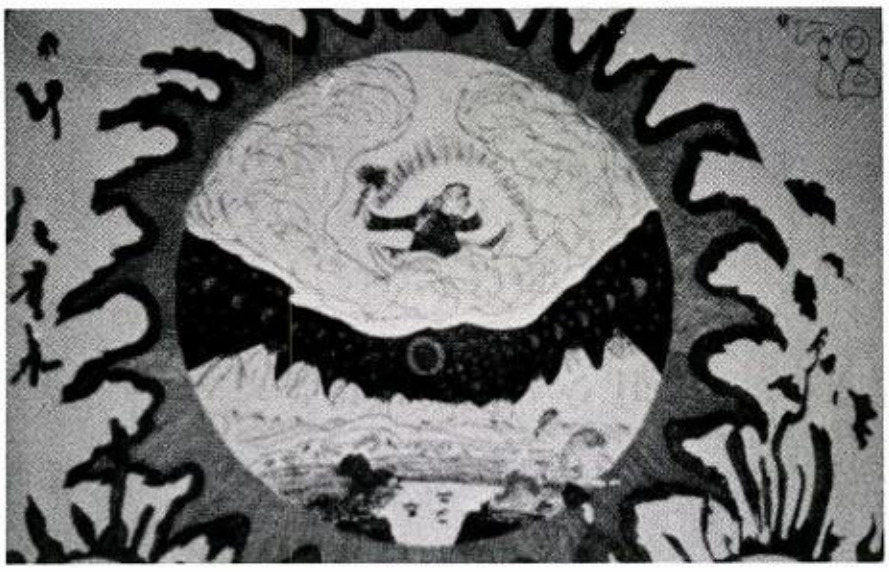
We delight in sunshine and joy
after rain. . . .

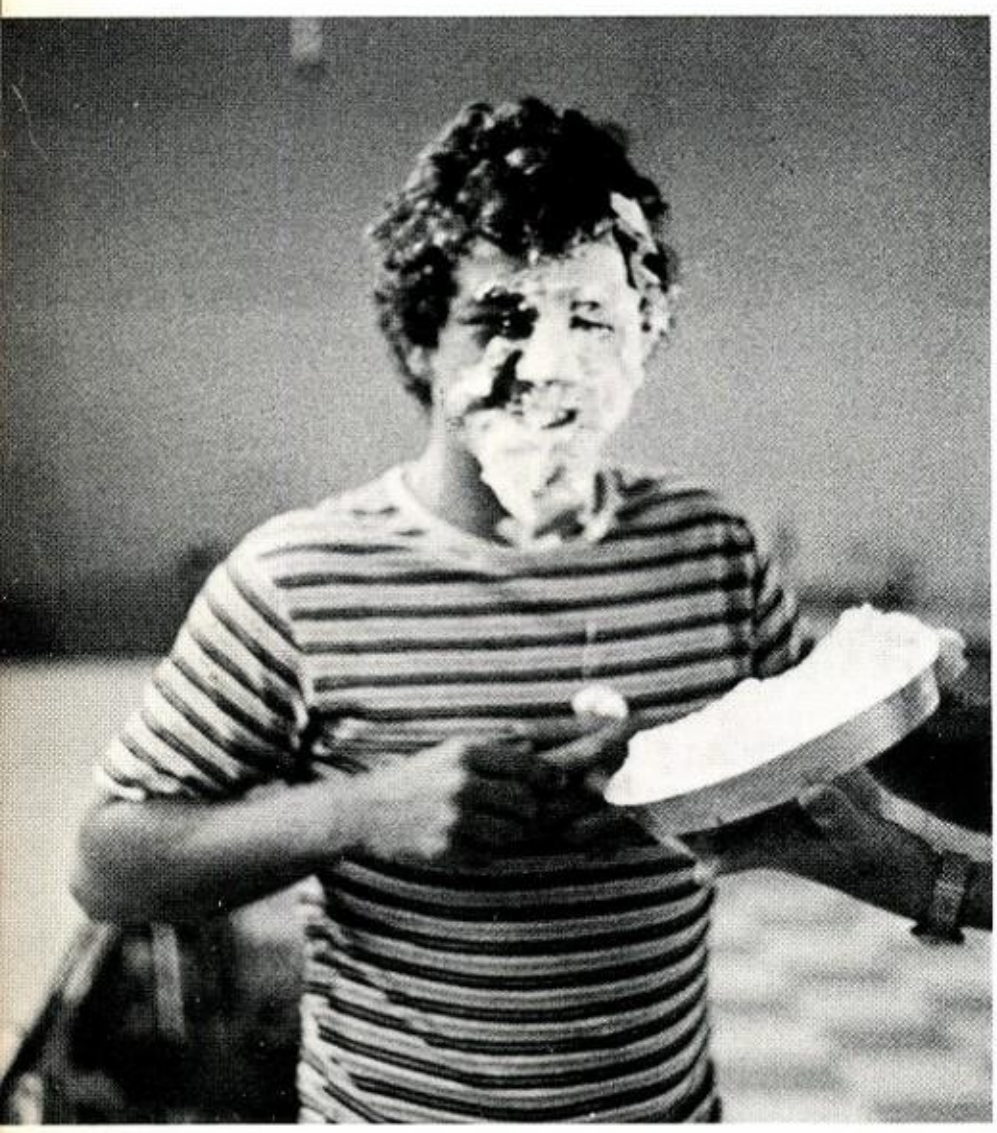


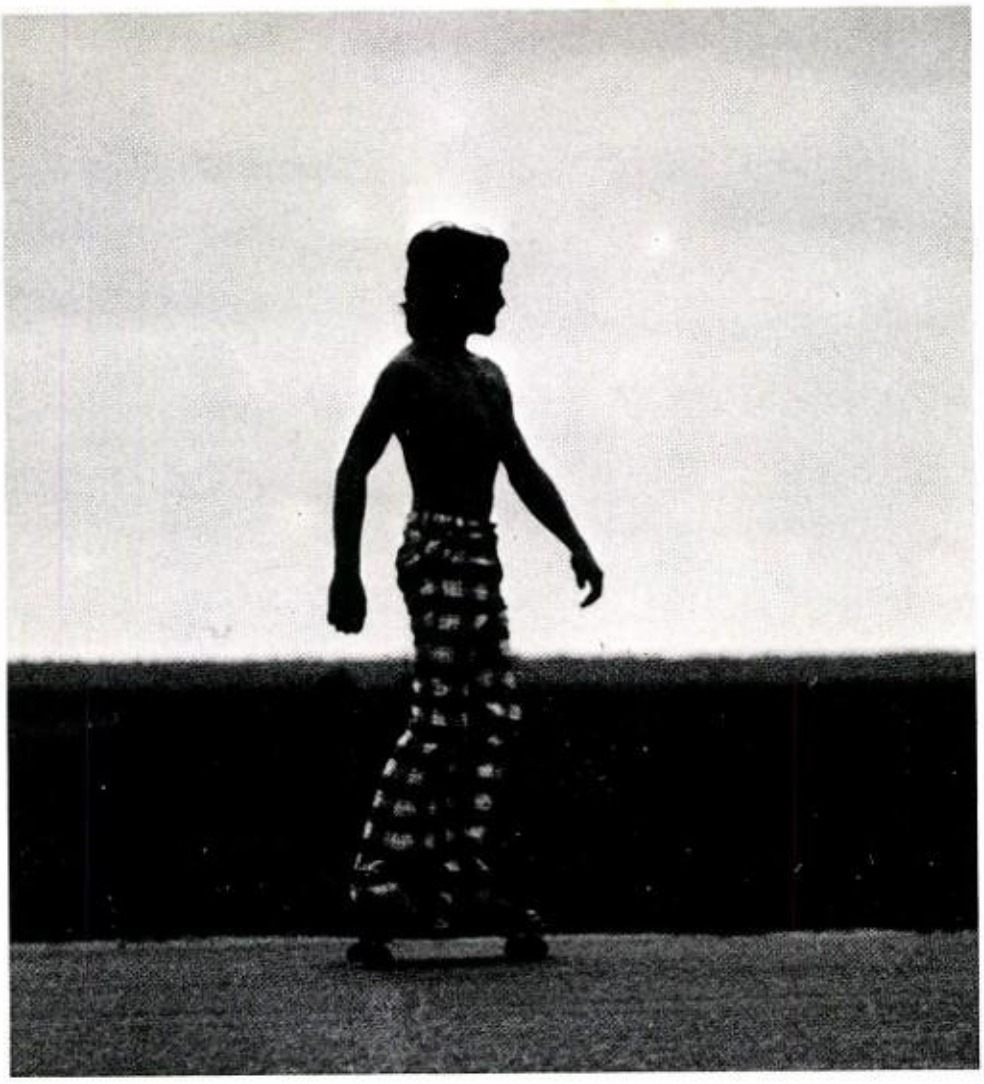


After a hard days' work at school there are many activities to find pleasure in doing. Some people, like Don Lewis, like to lie back and relax instead of doing the work they are supposed to do. Others, including Sam and Mike, spend time cooling their feet in mud puddles and walking in the rain. Mr. Bonds enjoys sitting and thinking about what happened during the day, while Meg finds pleasure in taking it easy and swinging.

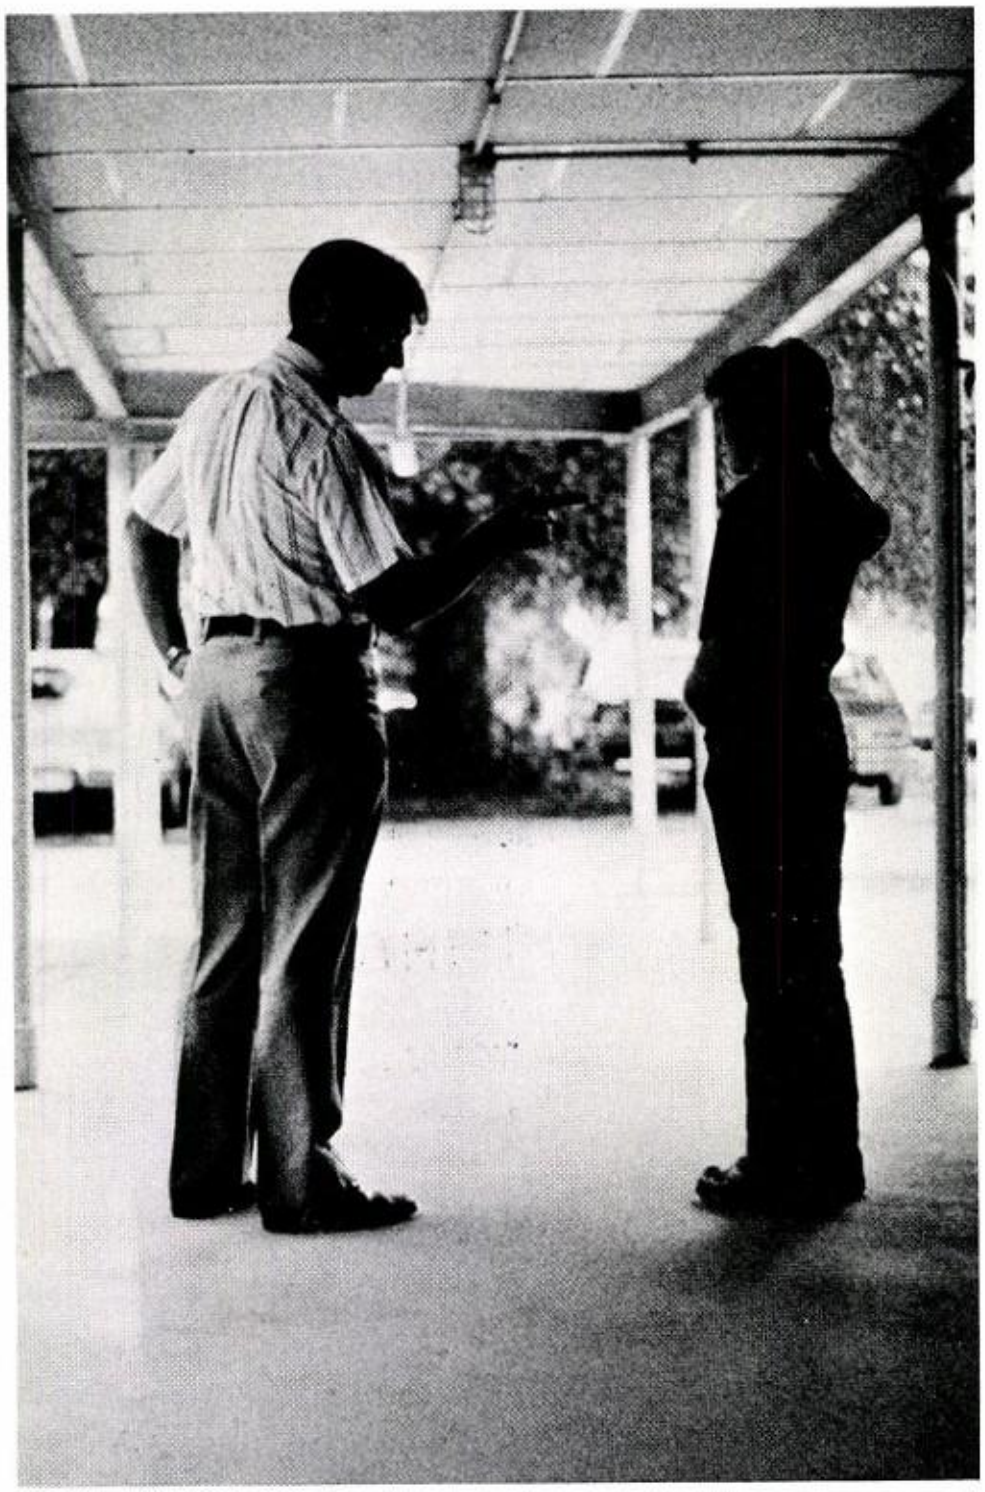
We live for tomorrow,
Unsure of what each sunrise
will bring;
We are always wondering what
lies ahead . . .

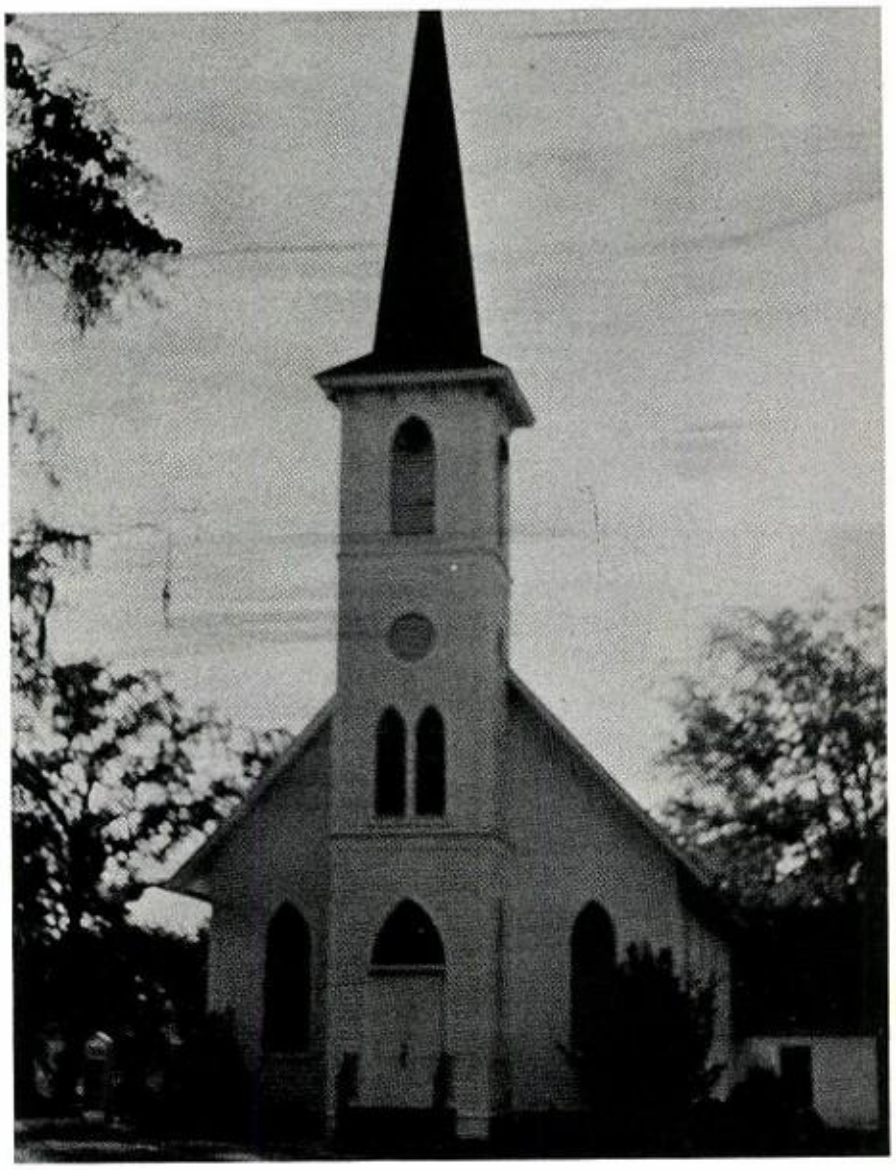






Life is full of uncertainties. You never know if a pie awaits you around the next corner, or if that rock under your skateboard wheel will throw you on your face. Keith wonders, "What did I do now?" as Mr. Huff gives him a stern lecture. At 3:15, everyone thinks, "If I ever get out of this hall alive. . . ." But Albertha and Dora daydream about the future while waiting for their ride home at the end of a busy day.





Hoping each new horizon will fulfill
Our dreams and aspirations of
Rising higher with each passing day.

Build your future through education.

There are many dreams which someday we hope to fulfill. For seniors, graduation is one of the greatest and most important dreams. To Vondella and David, having their senior portraits made is a sign that one of their goals is about to be realized. Bill's dream is getting a new car, while Pat would like to own a house. Some people hope to go steady and get married, while others dig their way through college.

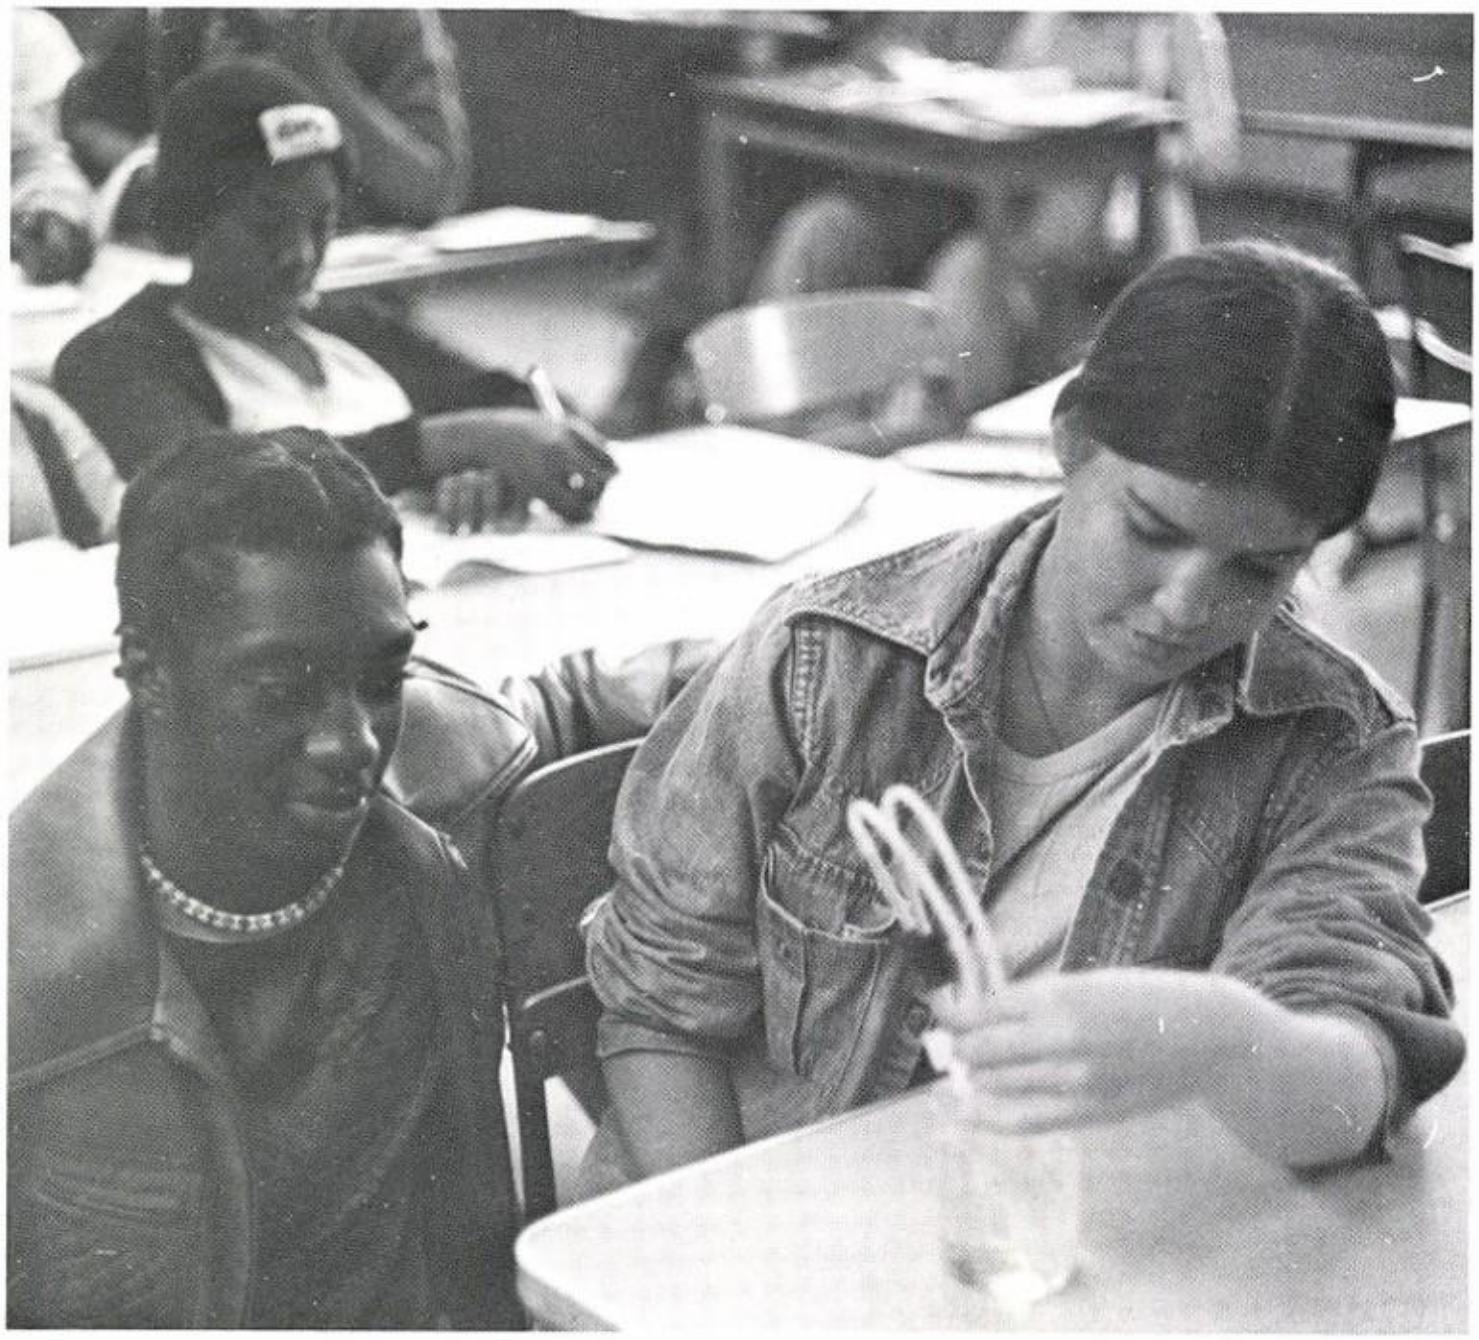
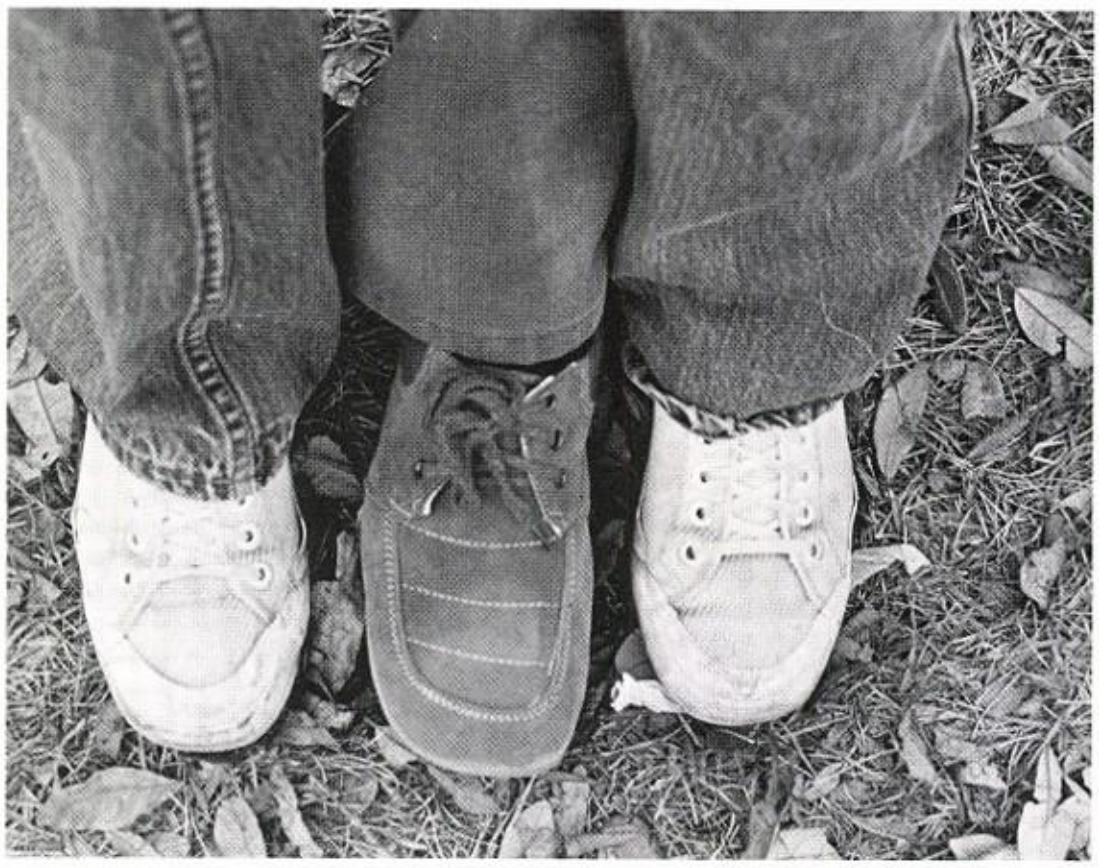
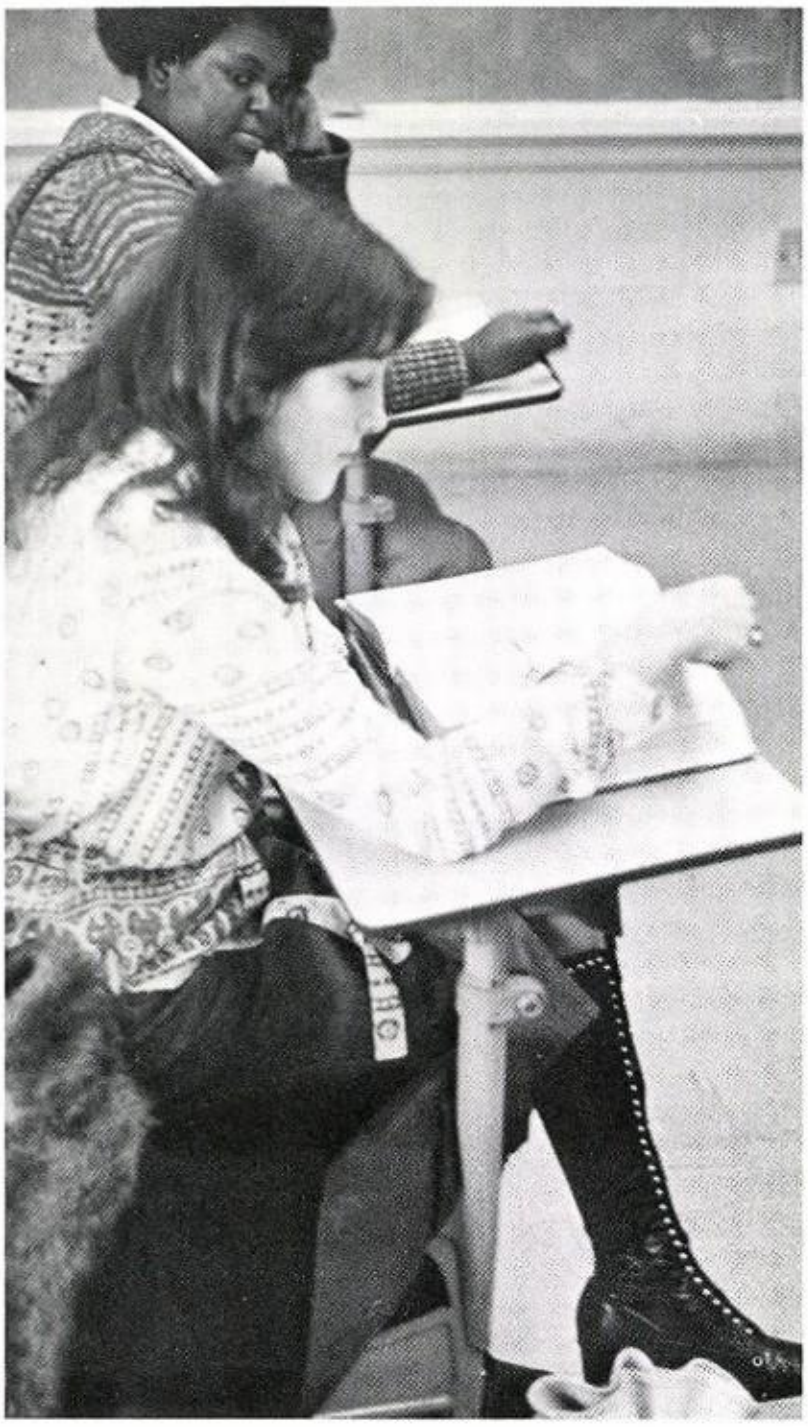
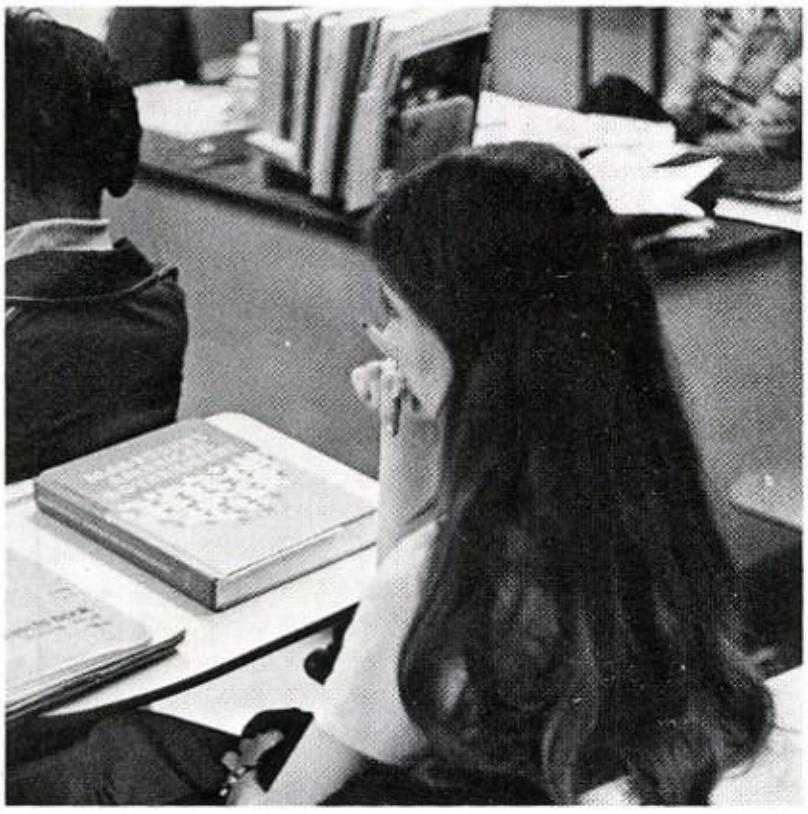
Seniors Get Caught at Odd Moments During the Day

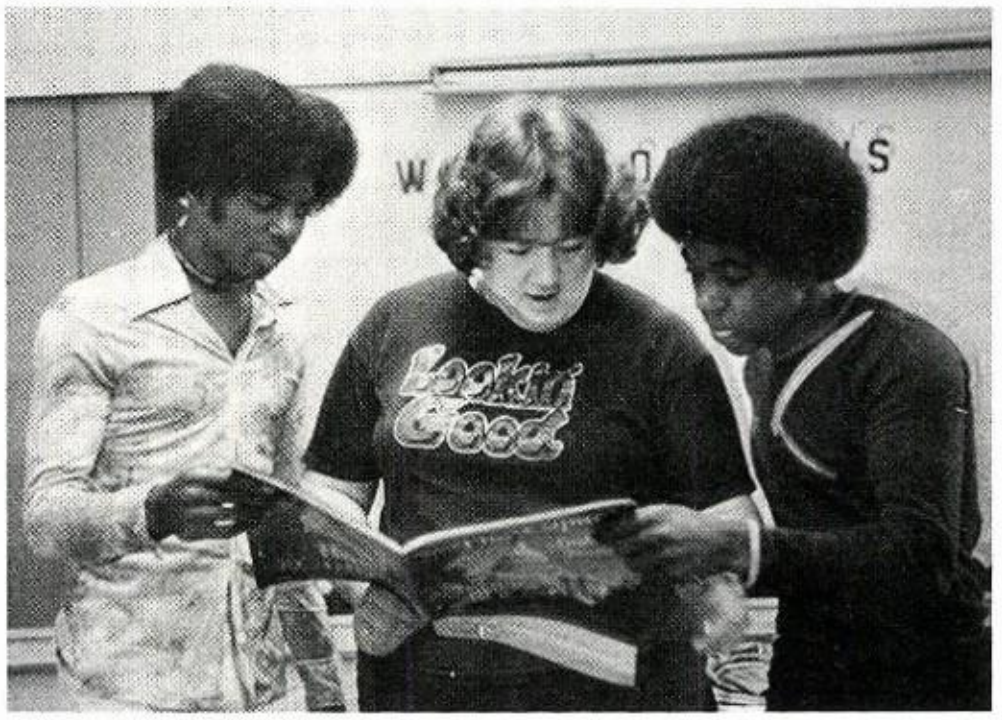


Sheila Bacon practices her typing in Miss Ector's typing class, while James Walker and Regina Blocker play around with a biology experiment in Mrs. Amerson's room. Would you believe a Buccaneer with three feet?



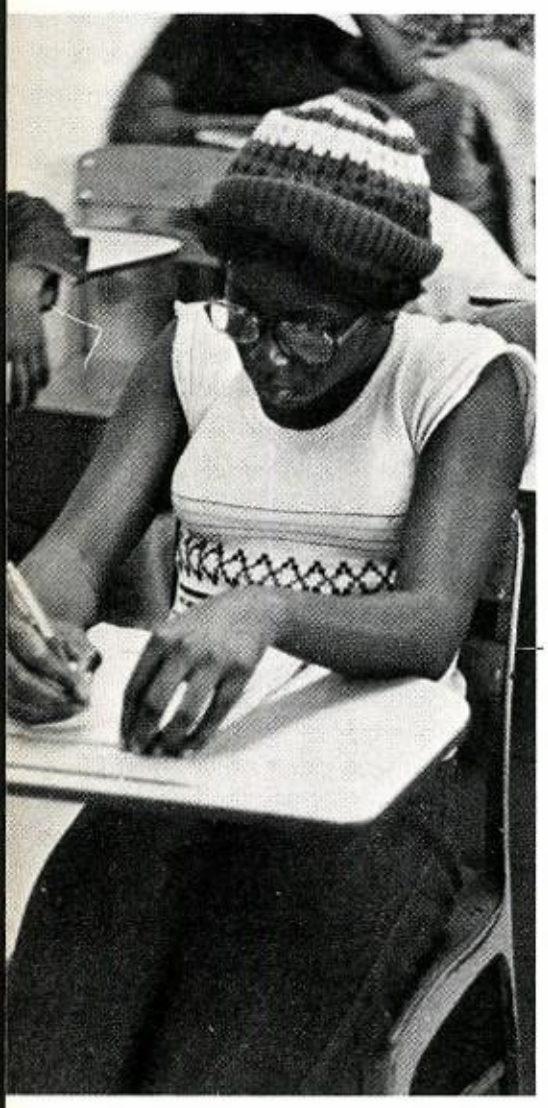




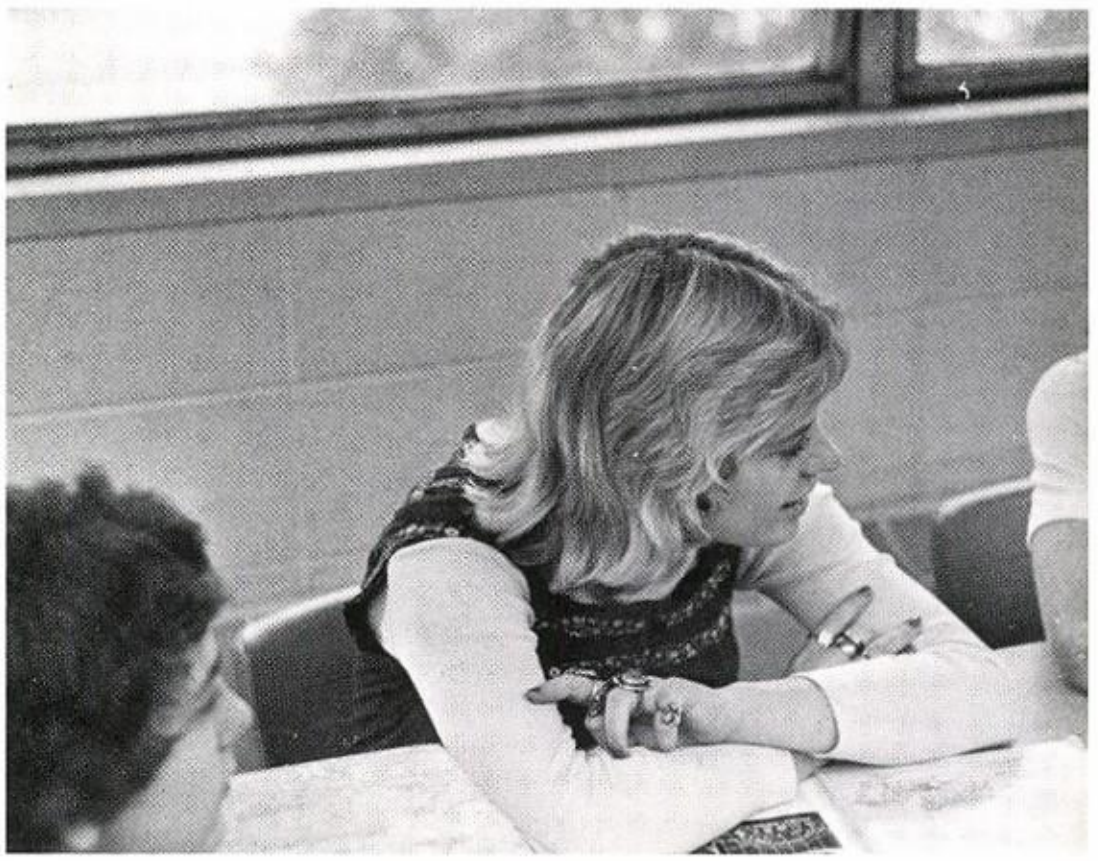


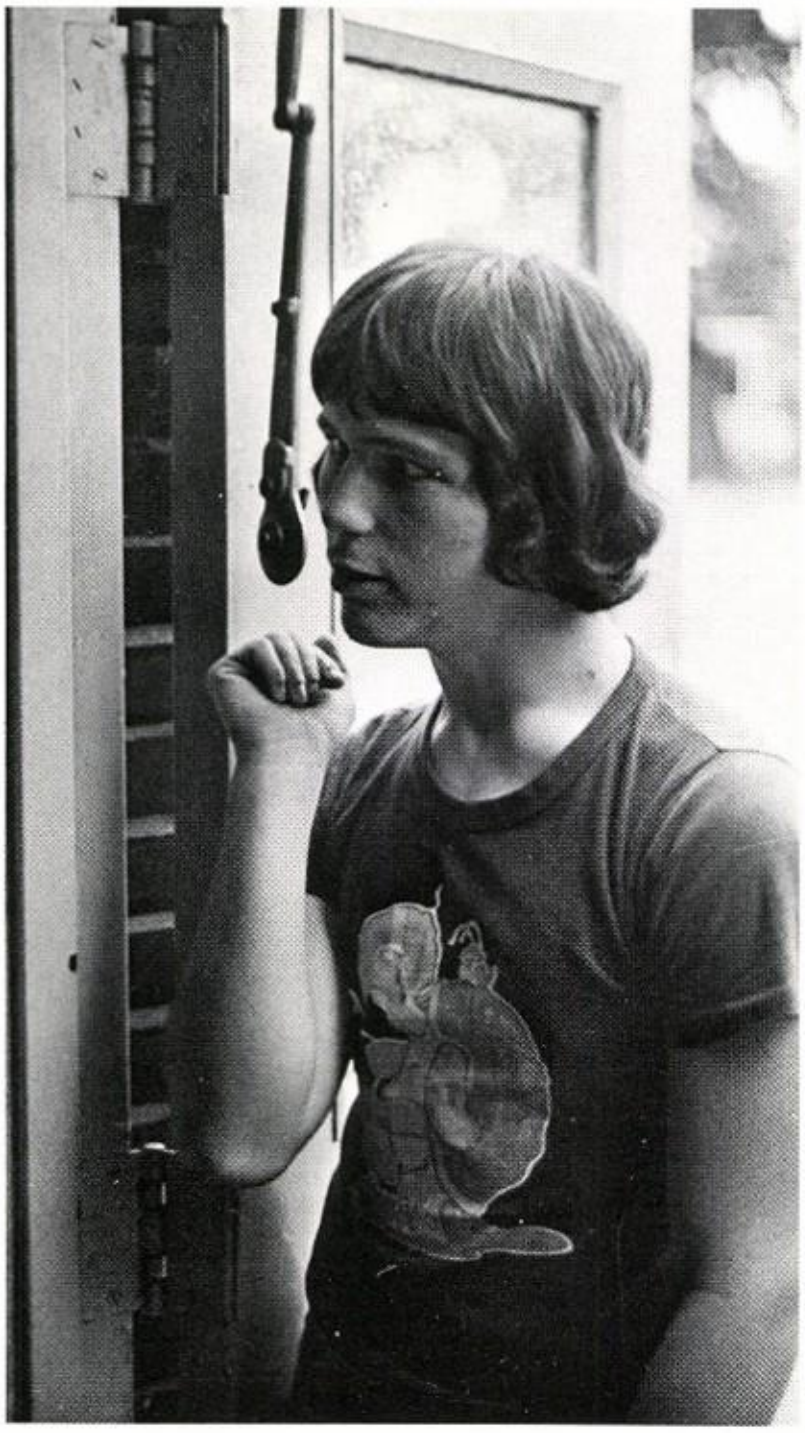
Tina Potter laboriously studies her government, while Marie Cox daydreams during Mrs. Hagarty's class. Ester Elkins, William Timmons, and Lawrence Weston examine a copy of **The Capitol.**

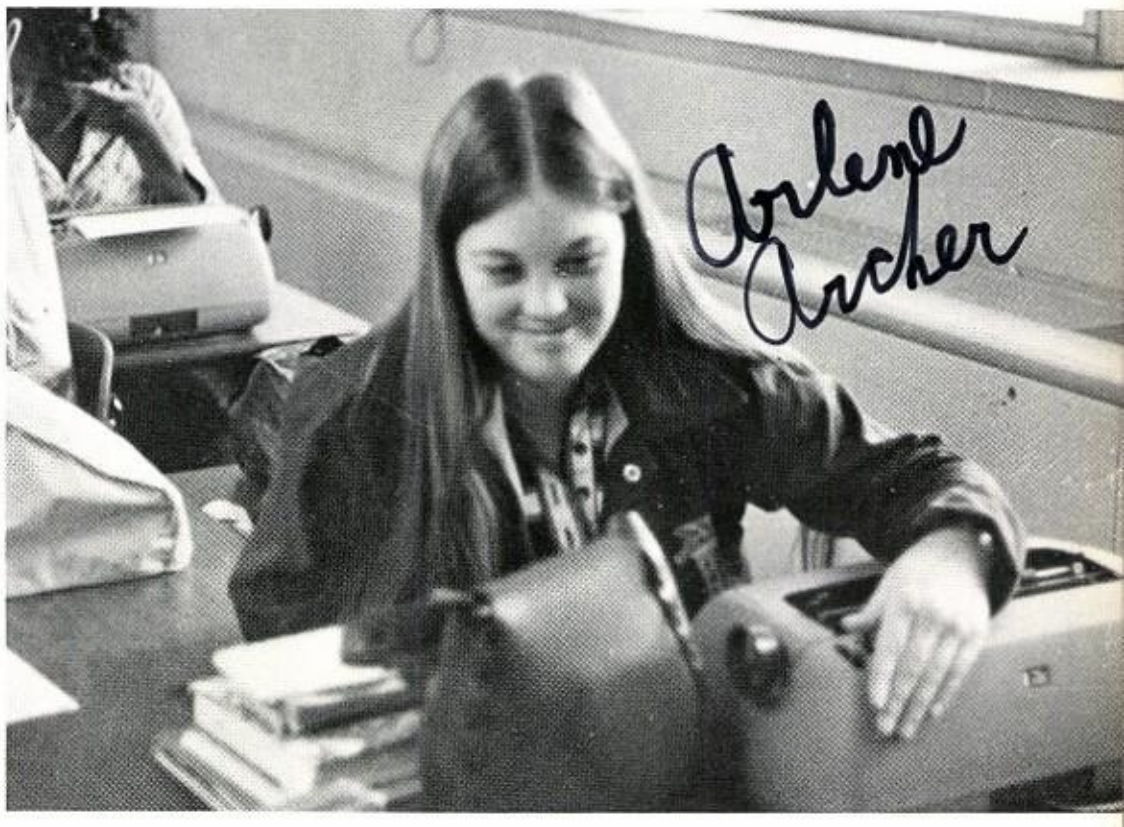
Government Gets to Seniors!

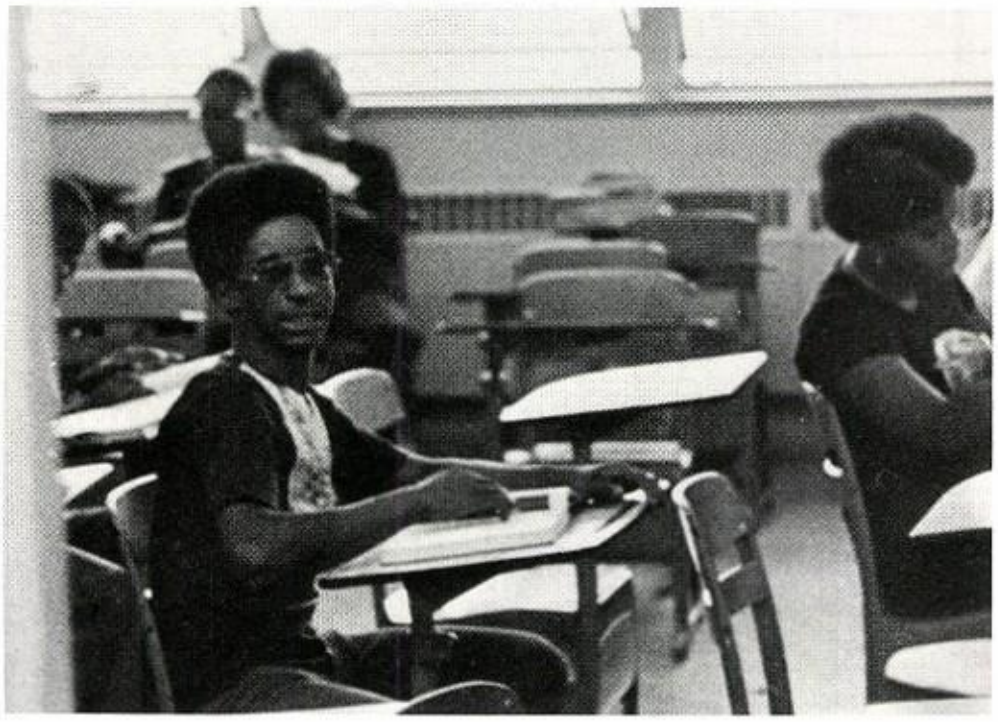


Janice Greene seems to be doing a little work while the rest of her classmates "goof off." Kathy Knight pretends to be absorbed in government, while Wendy Blankenship spreads wild gossip in the library.









Lewis Strickland gets caught in an "odd movement." Larry Davenport gets caught looking out the door at photographer Mr. Yarbrough. Arlene Archer has the giggles in typing, and Lisa Rewis spends her valuable study hall hour "working."

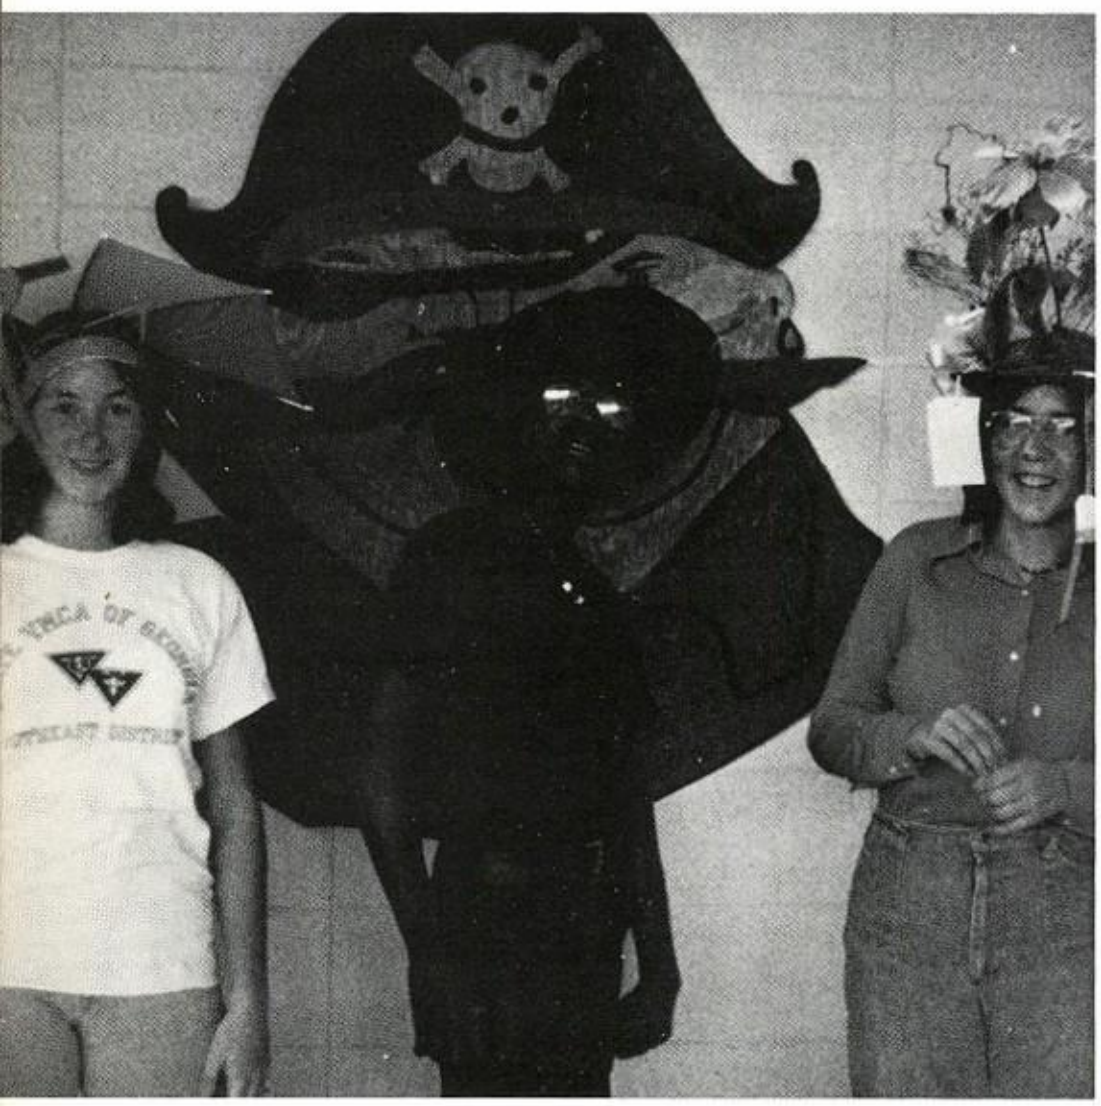
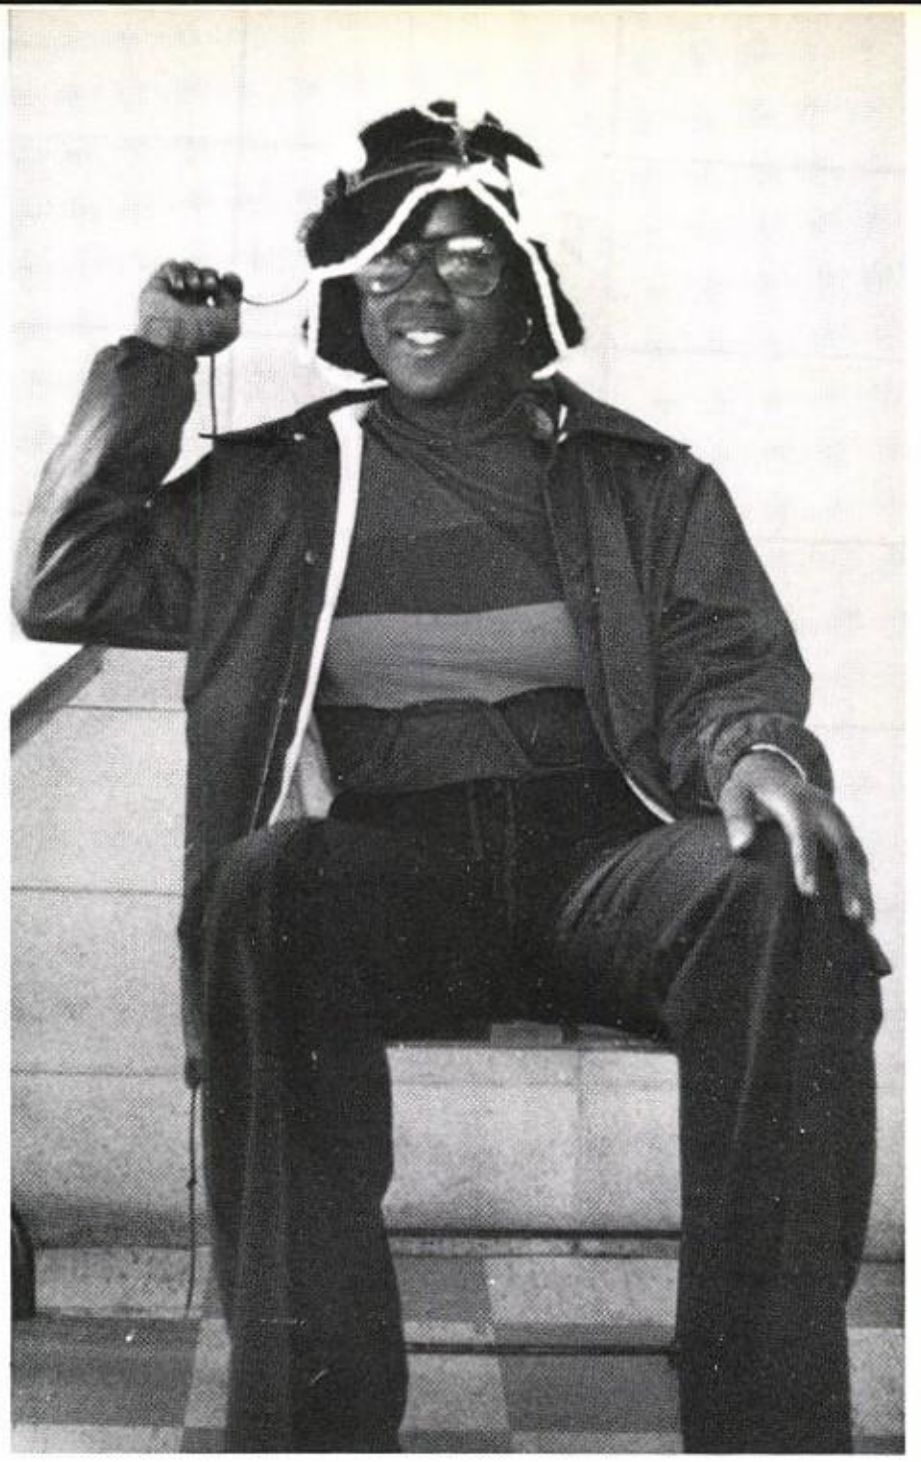
Janice Greene shows off her electrical Christmas light hat.

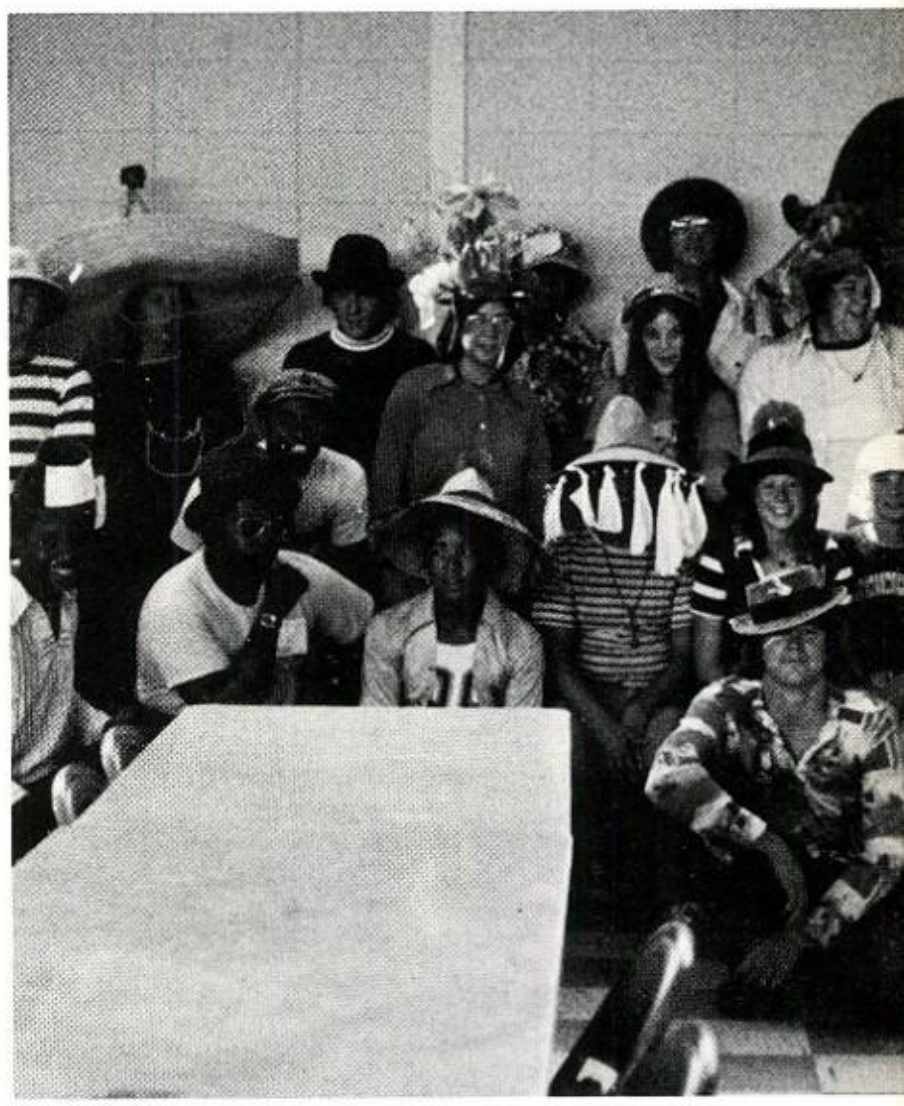




Student Participate in First Hat Day

Brenda Deverger won the ten-dollar first prize for the best hat. Mitchell Armstrong won two tickets to a dance, while Meg Young took home a can of root beer for winning third place.

All the contestants would not fit into one picture, but here we have a few "characters."

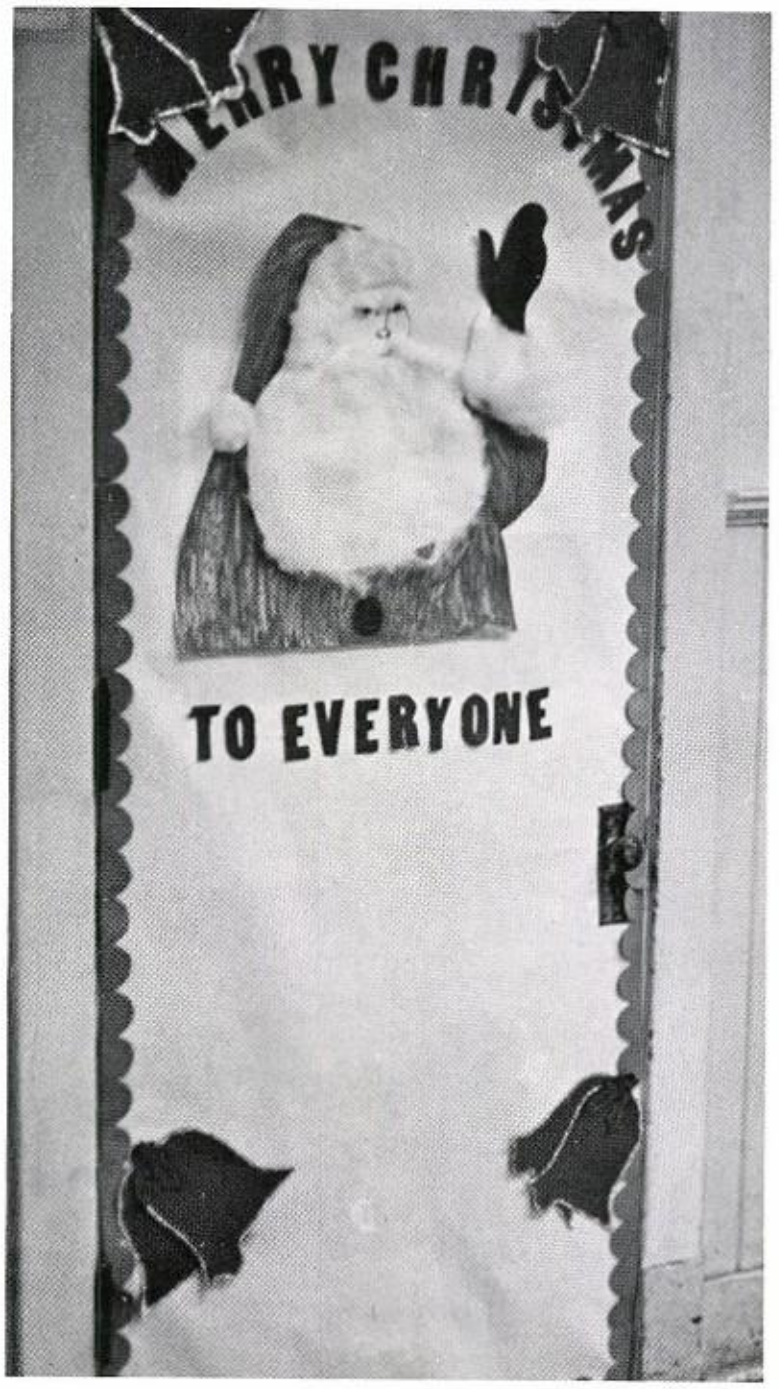


Another group of students display their hats before the judging of Hat Day. Mrs. Wilson pins on a Minnie Pearl tag on Brenda Deverger's hat.

Mrs. Scarbrough's door gave a hint to her subject area — American history.

Buccaneers Celebrate Christmas at MCA

Michael Jackson, Doug Woodcock, and Ester Elkins served as judges from the Industrial Arts Club, FFA, and Y-Club and as members of the Interclub Council.



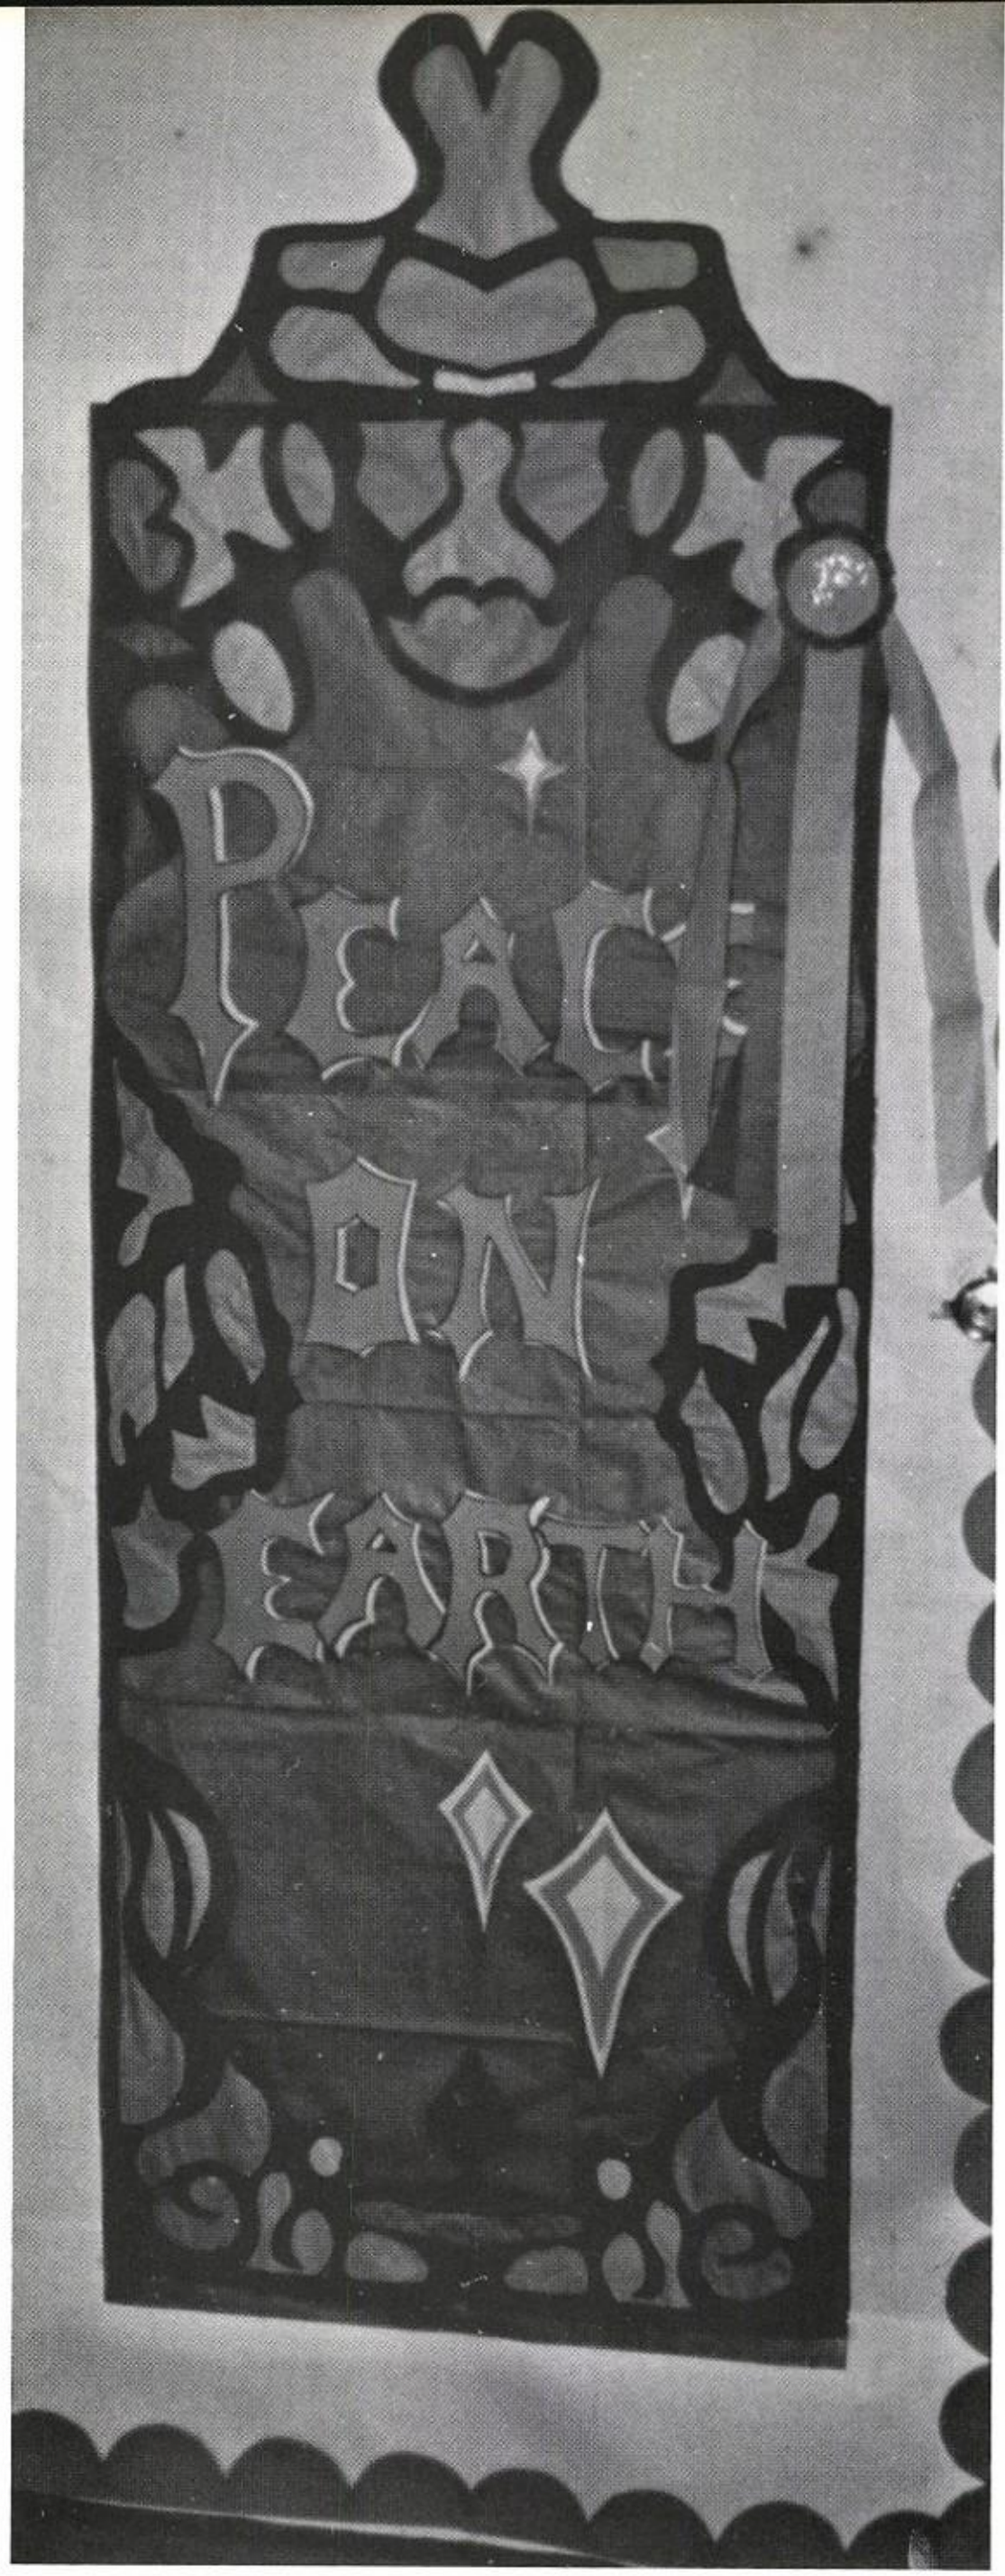
Edith Gerald and Charlesetta Grovner had fun decorating Mrs. Jackson's door.

Many of us enjoyed looking at Mrs. Caldwell's door, as it was one of the prettiest. Christine Lotson and Meredith Quarterman worked on an original idea for Mrs. Heck's door — Santa Claus delivering MCA a new school.

Mr. Yarbrough's sixth period class captured first place honors with their door — a mock stained-glass window. The Interclub Council provided the class with a Christmas party including a "stocking" pinata furnished by the Spanish Club.

Mr. Yarbrough's Door Takes First Place

Mrs. Wilson's Christmas tree was provided and decorated by her students. Who says a pine tree can't be pretty?



Mrs. Pitner's door took second place with a Christmas card effect. Her homeroom's individual pictures served as ornaments for the tree.

Shendora Lane and John Hope pretend to be helping Sharon Jackson with Mrs. Watkins door. Miss Evans' door captured third place. The judges said her door was totally handmade and original.

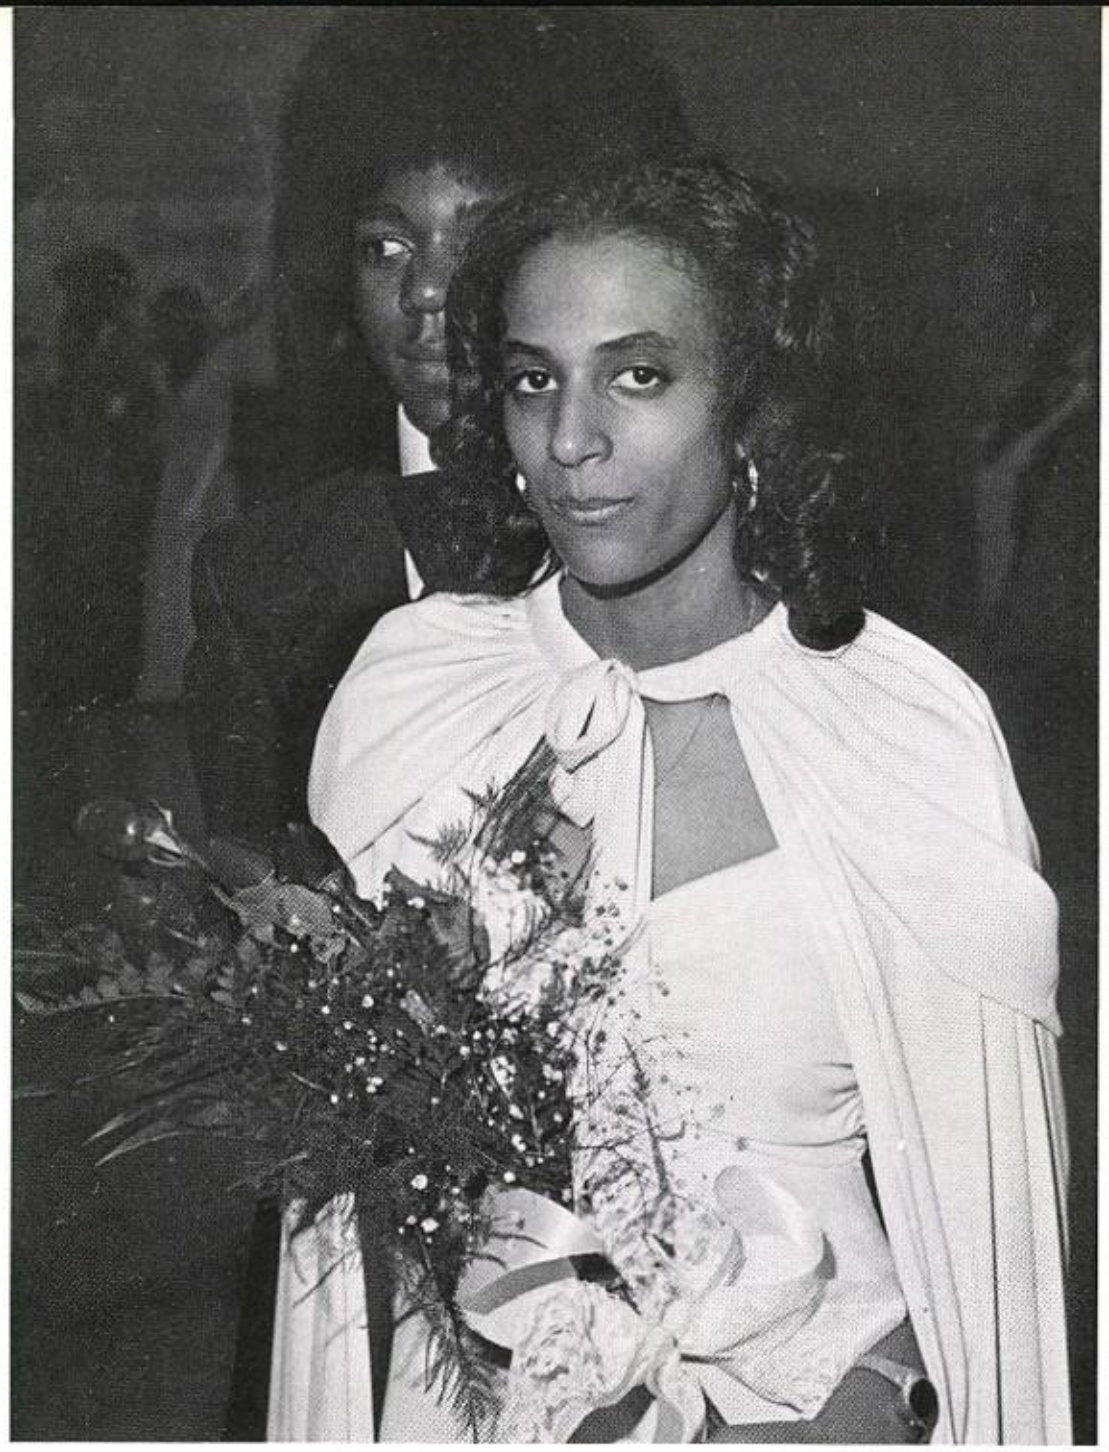
Linda Taylor and Sherry Dilliard Tie for 1978 Homecoming Queen

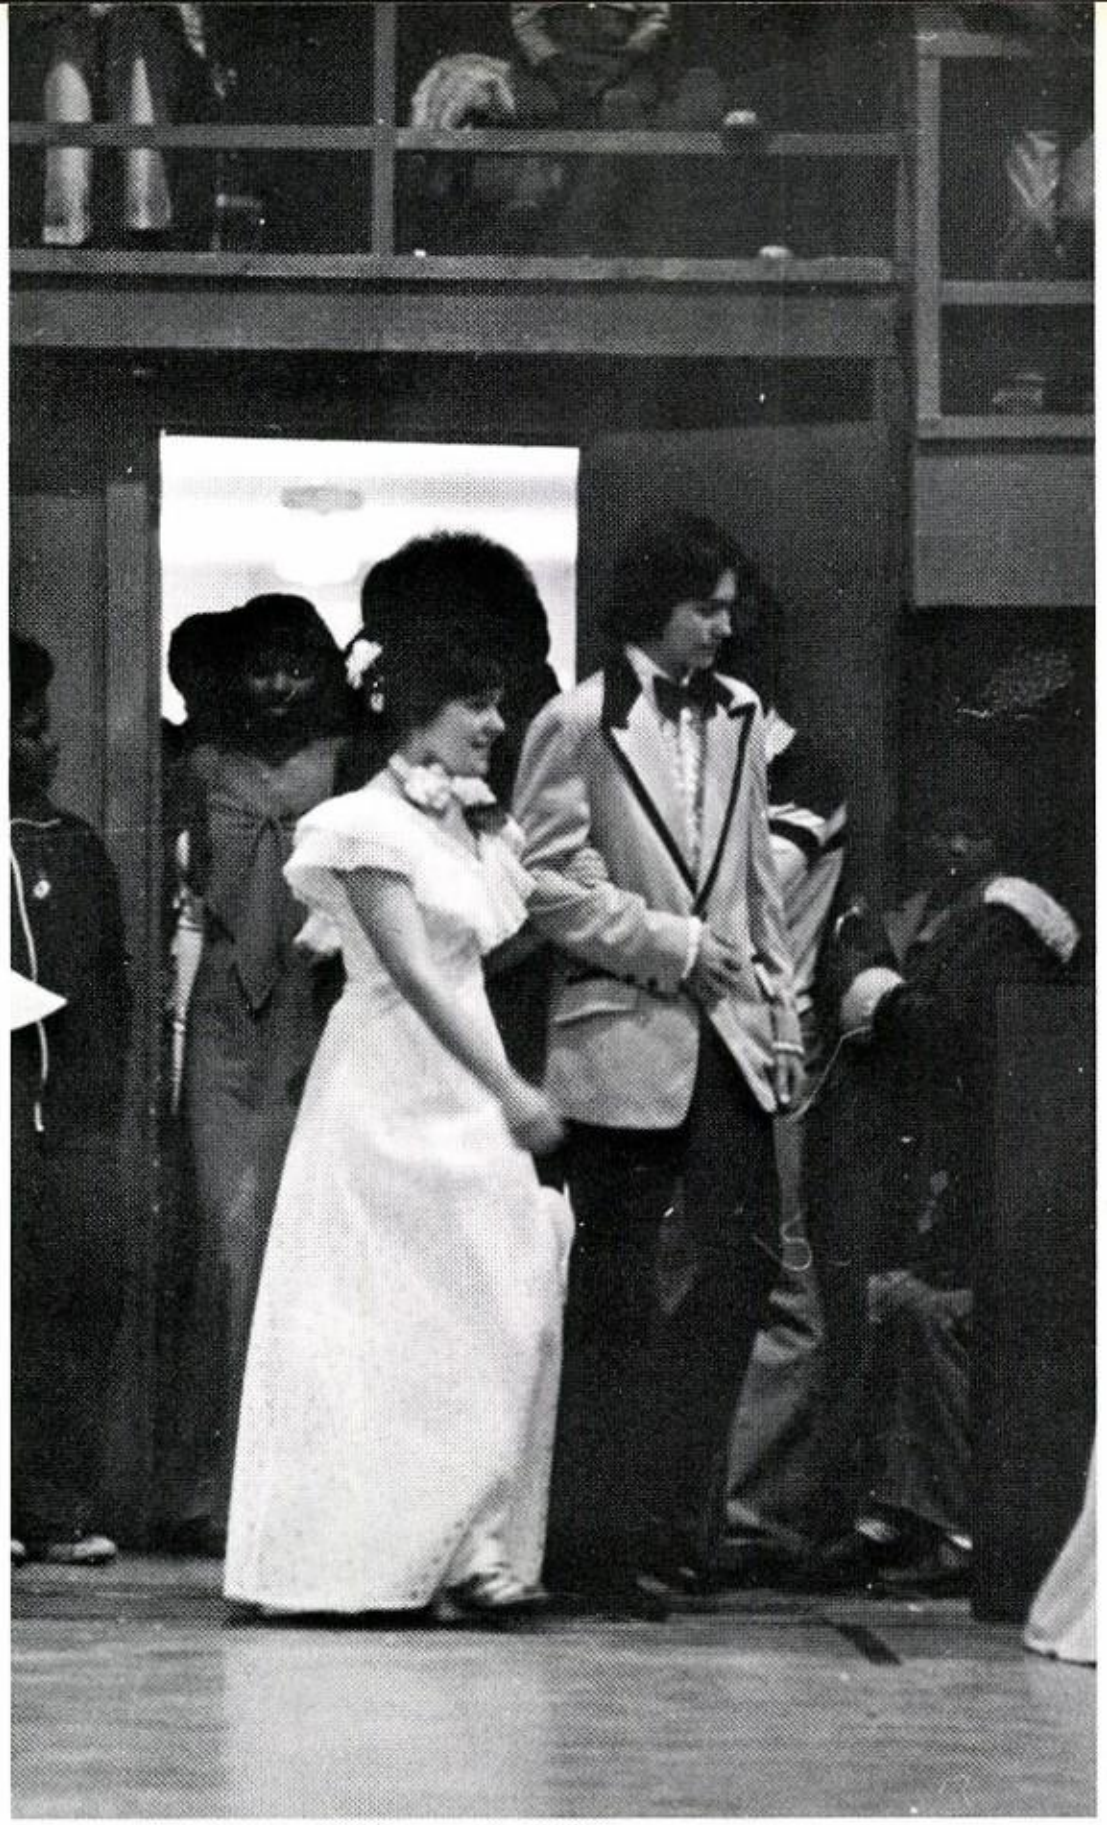


Linda Taylor, a senior, and Sherry Dilliard, a sophomore, tied for Homecoming Queen this year. Linda was escorted by William Timmons and Sherry was escorted by Joey Corlette. First runner-up was Sharon Jackson, an eighth grader, escorted by Donald Jackson. Second runner-up was Terri LaRoche, a junior, escorted by Don Lewis, and third runner-up was Delia Ogburn, a senior, escorted by Edgar Brown.

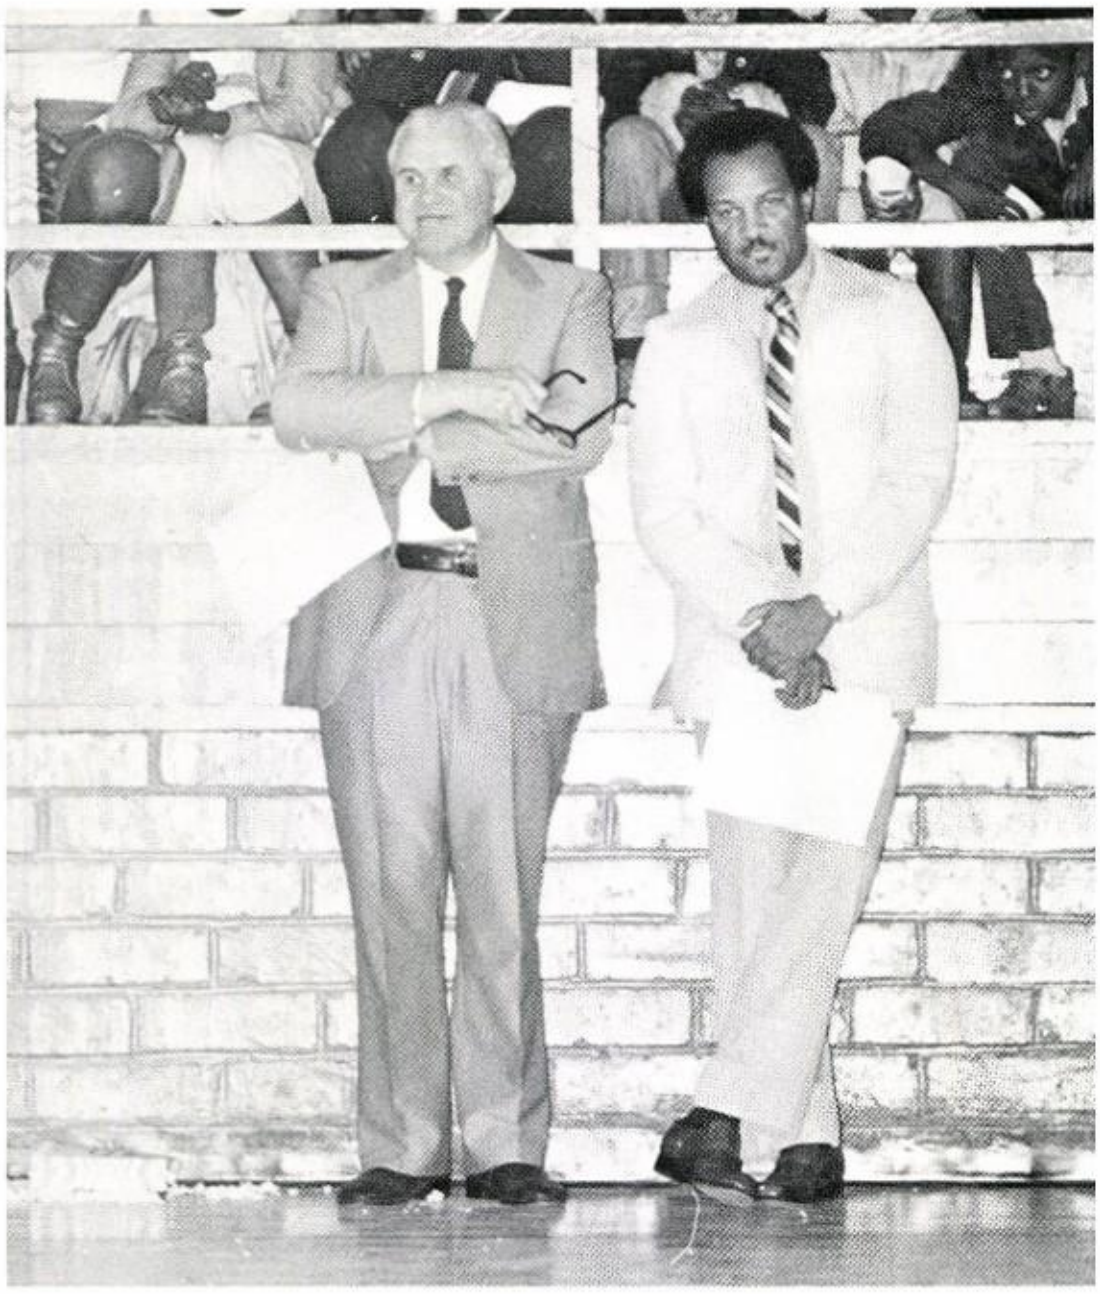
EXIT

Homecoming . . .

Judging for Homecoming Queen took place between the boys' and girls' games. Danny Ferrell enters the gym with Judy Todd and Don Lewis escorts Terri LaRoche.

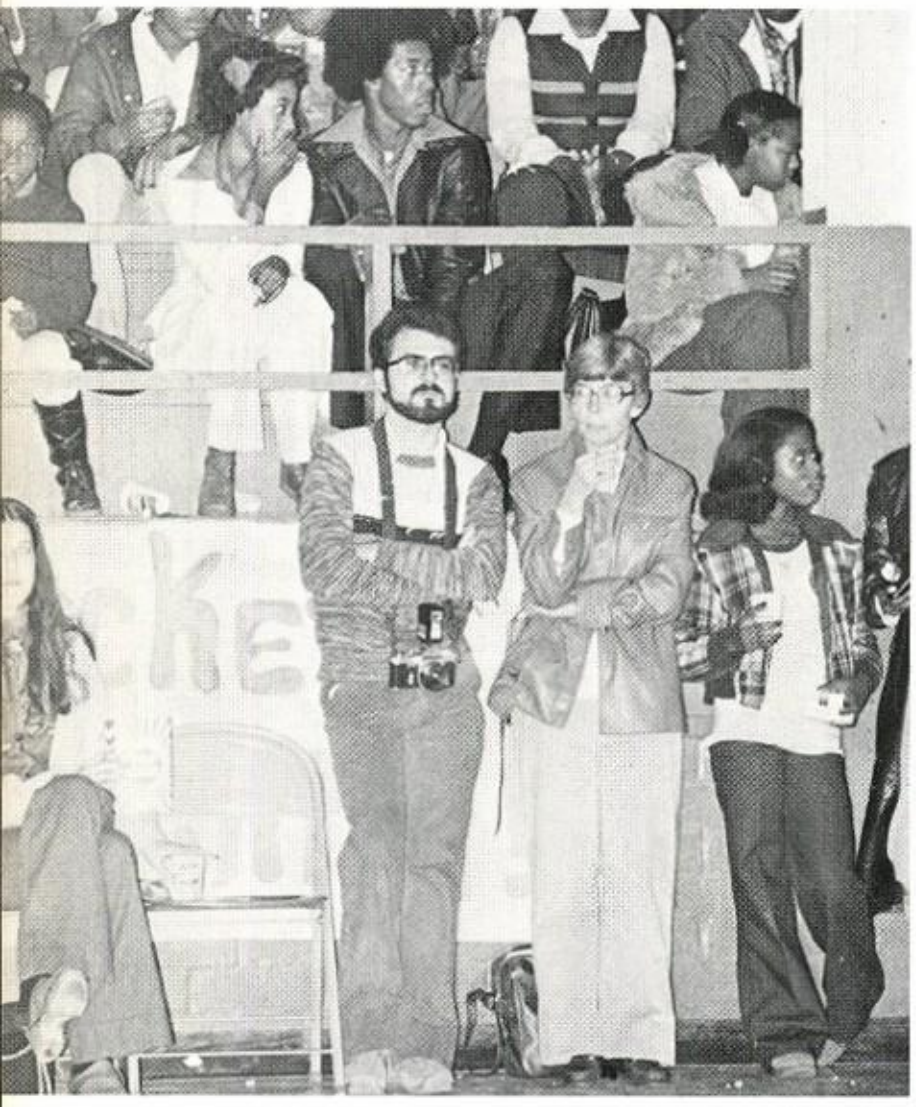


Floyd Glover does a little twist step of his own as Lucretia Anderson walks before the judges.

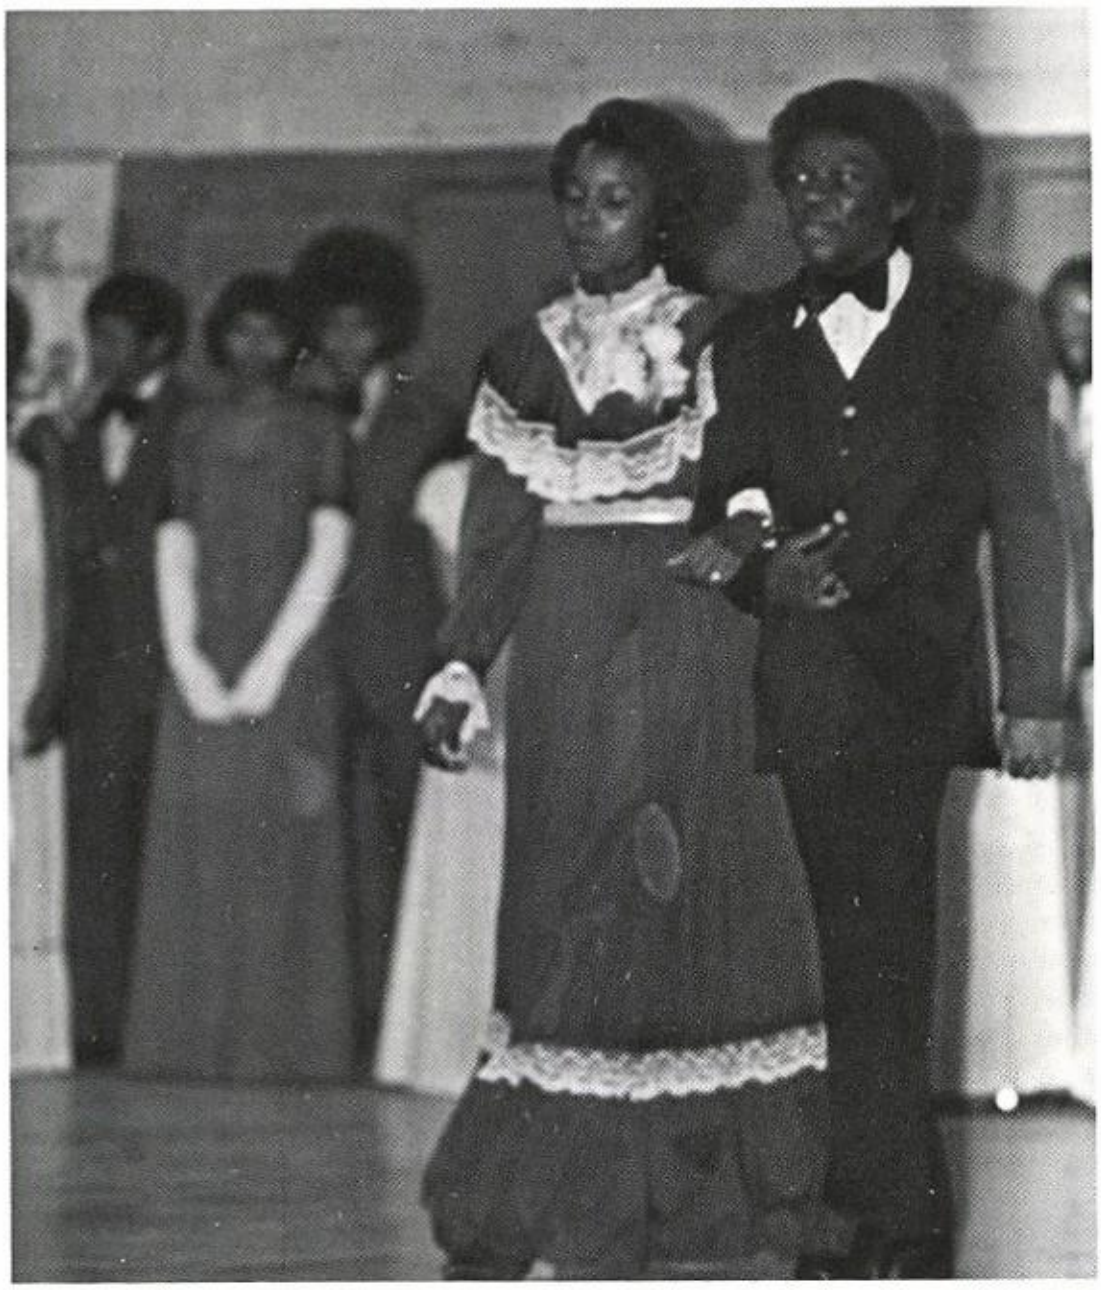


Mr. Dan Williams, Ms. Earlene Lemon, Ms. Donna Tilton, Ms. Jessie Small, Mr. John McEvoy, and Ms. Terri Burns were generous enough to serve as judges for Homecoming. Mr. McEvoy and Mr. Williams wait for the judging to begin. Contestant number 5, Carlene Bryant, is being escorted by Pernell Watson.

Homecoming . . .



Mr. Yarbrough and Ms. Jackson watch as the contestants begin to line up. Coming onto the court is Emory Thorpe, who is escorting Sandra Pierce. All the contestants are shown who entered in the Homecoming pageant.



All of the girls looked their best that Saturday night, as is shown by Geraldine Skipper with Marshall Thorpe, Debbie Grange, and Lynette Clinch. Even though the Wayne County Yellow Jackets beat us, the Buccaneers surprised Jesup with a very close game.

Outstanding Senior

Linda Williams

Linda is quite active on MCA's campus. She belongs to several groups including the Beta Club and the Steering Committee. She is also president of the Senior Class.

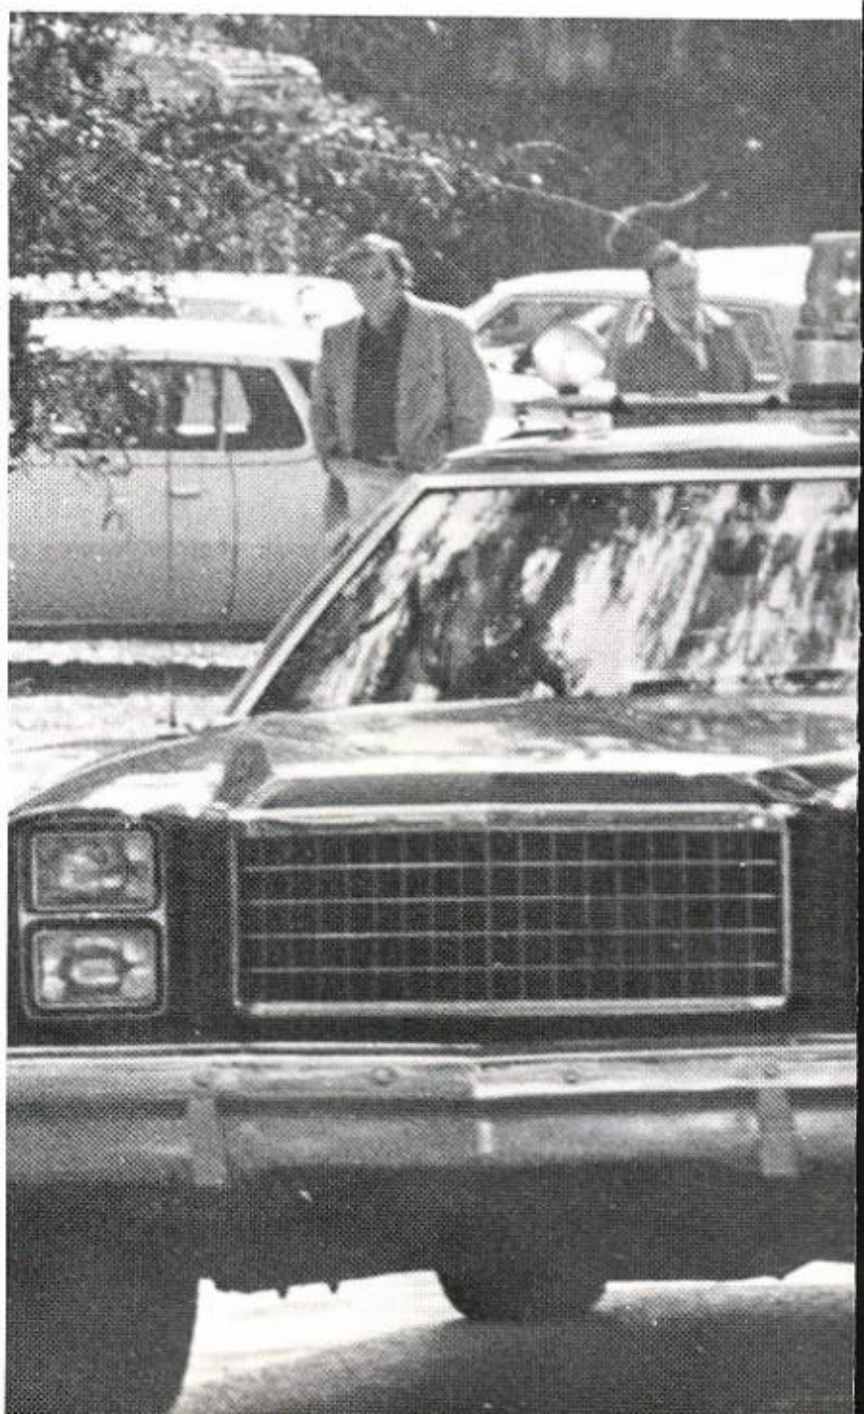
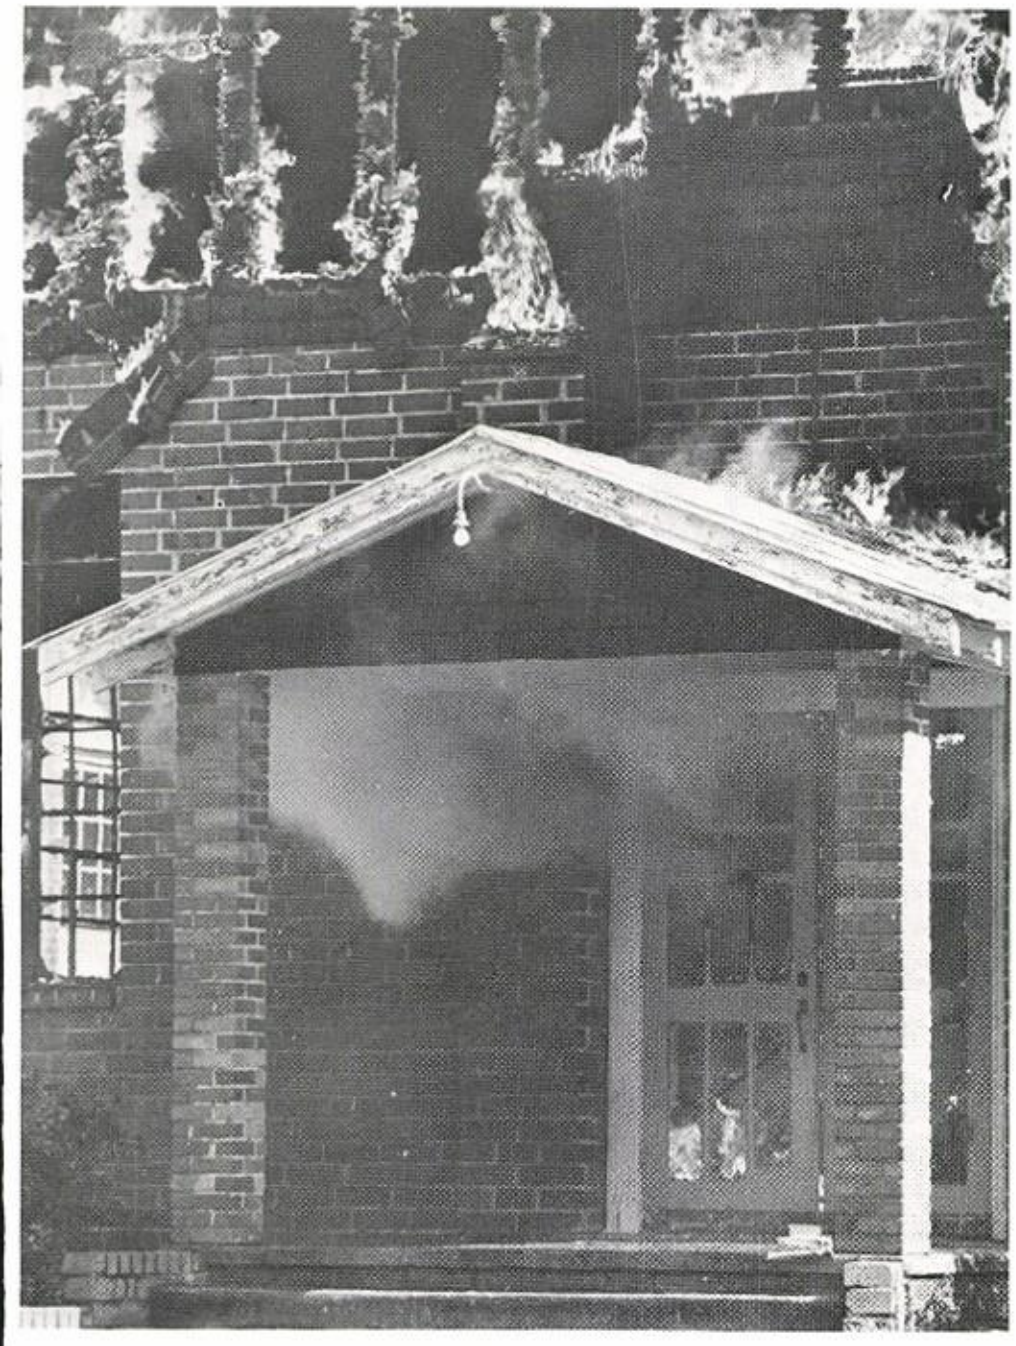
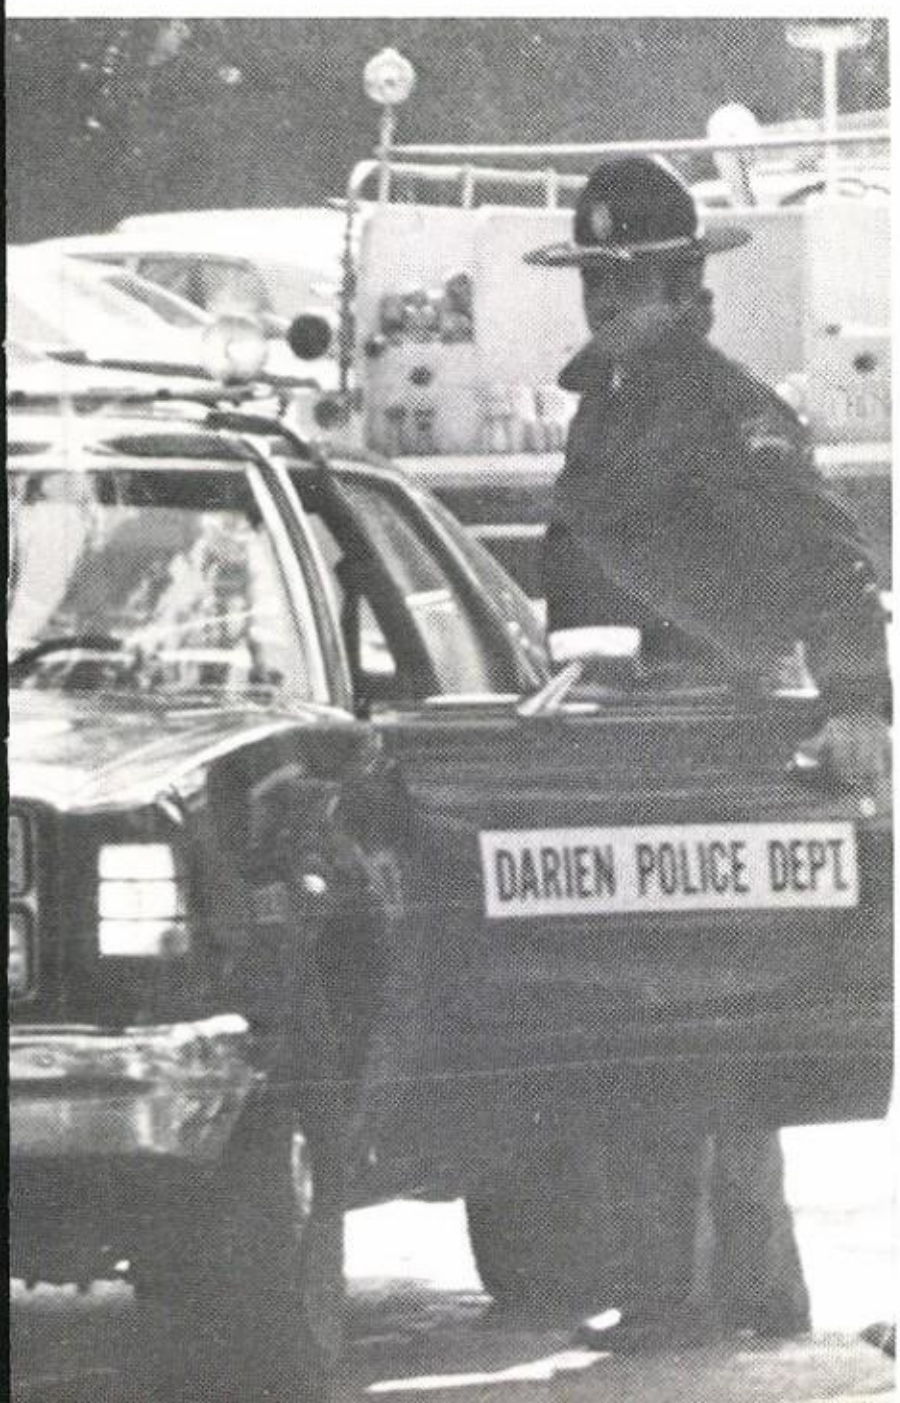
Fire Takes Toll on MCA

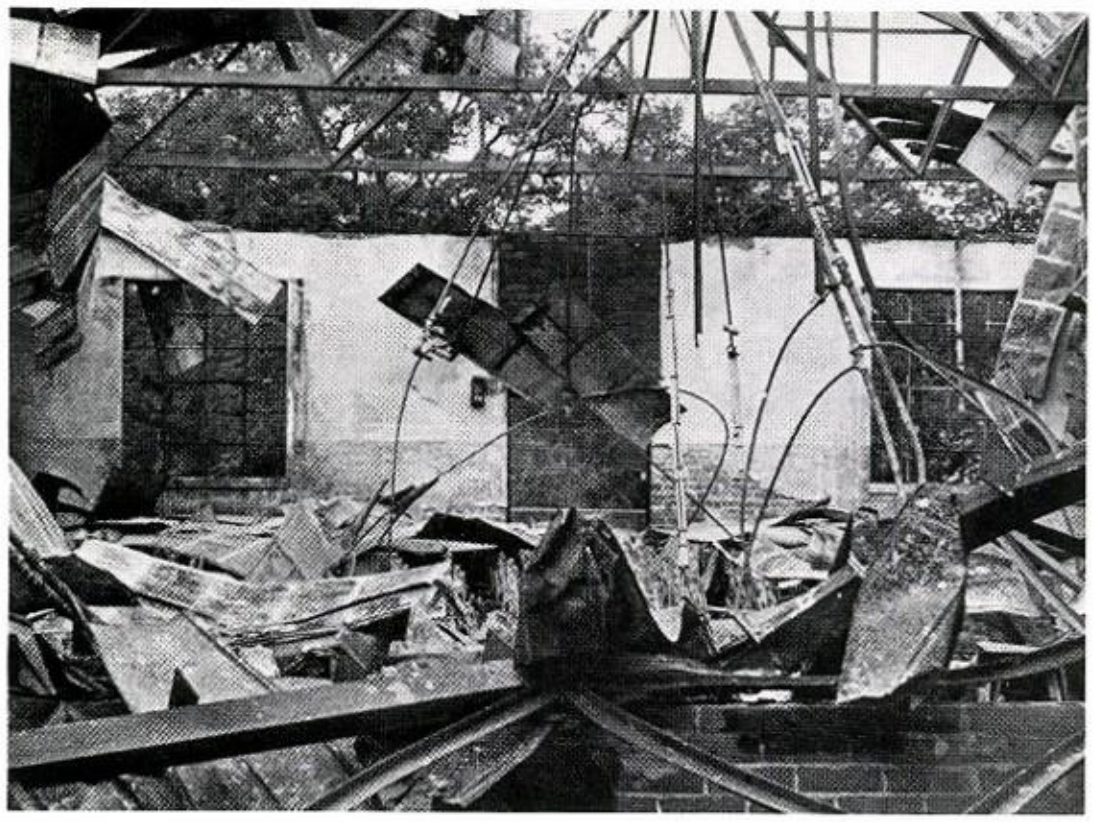






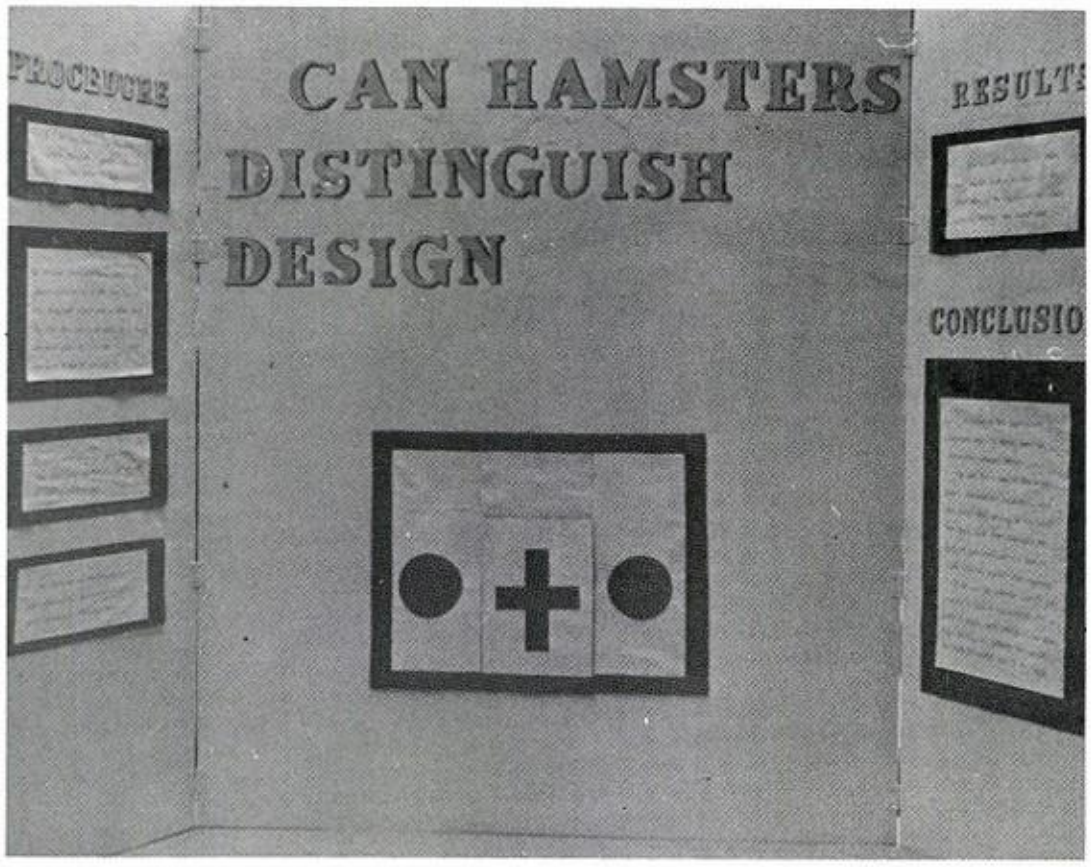
A massive fire destroyed the gymnasium, math hall, and auditorium of MCA, taking with it several thousands of dollars in equipment and books. The police and volunteer fire fighters were combating the roaring flames within seconds of the fire horn's bellowing signal. The students were evacuated and sent home only to return the next day for regularly scheduled classes. Until the new school is built, approximately one and a half years from now, the students will be cramped for space.

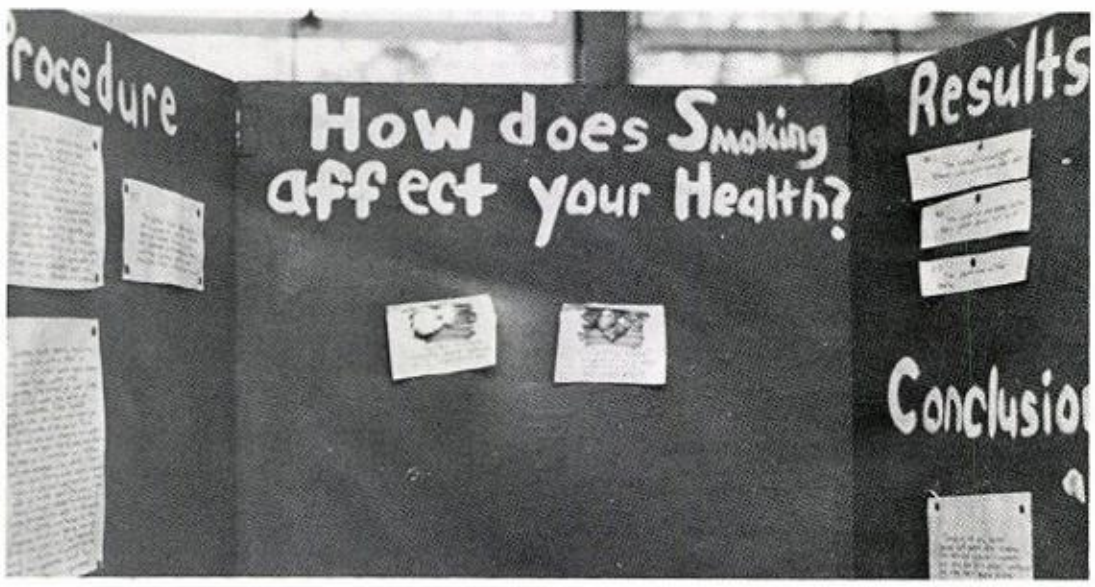
Fire . . .

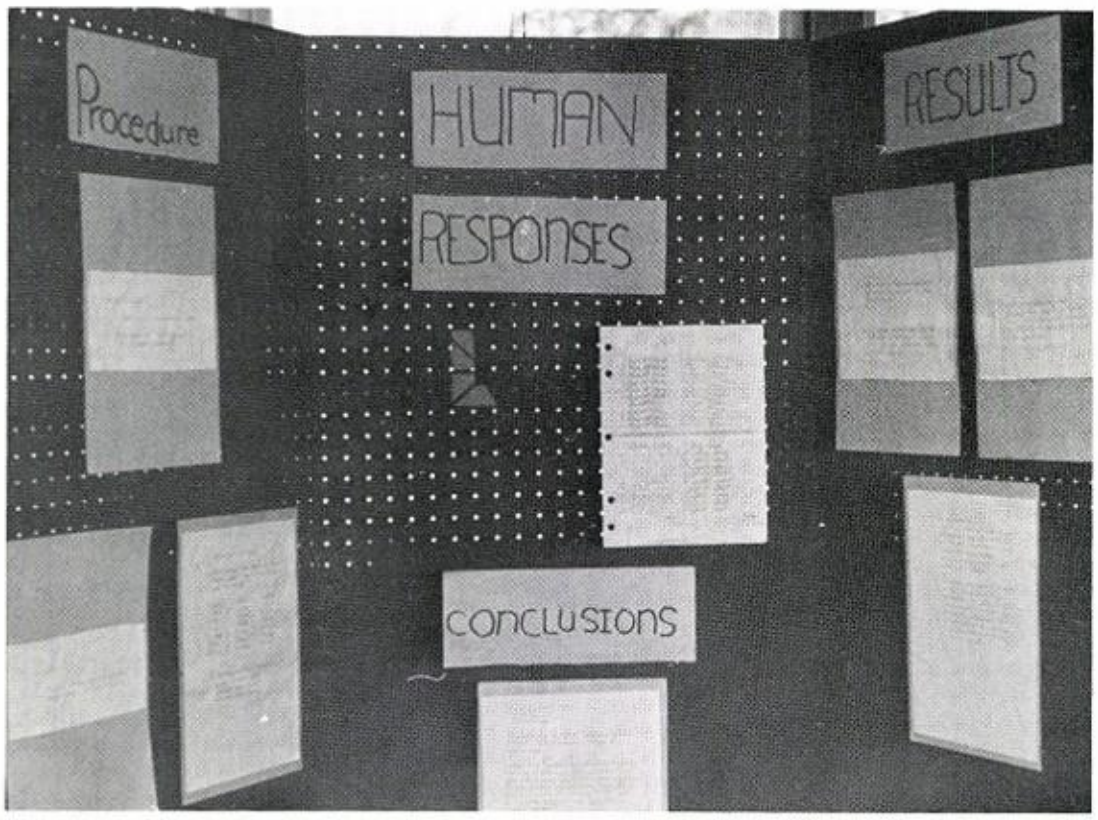


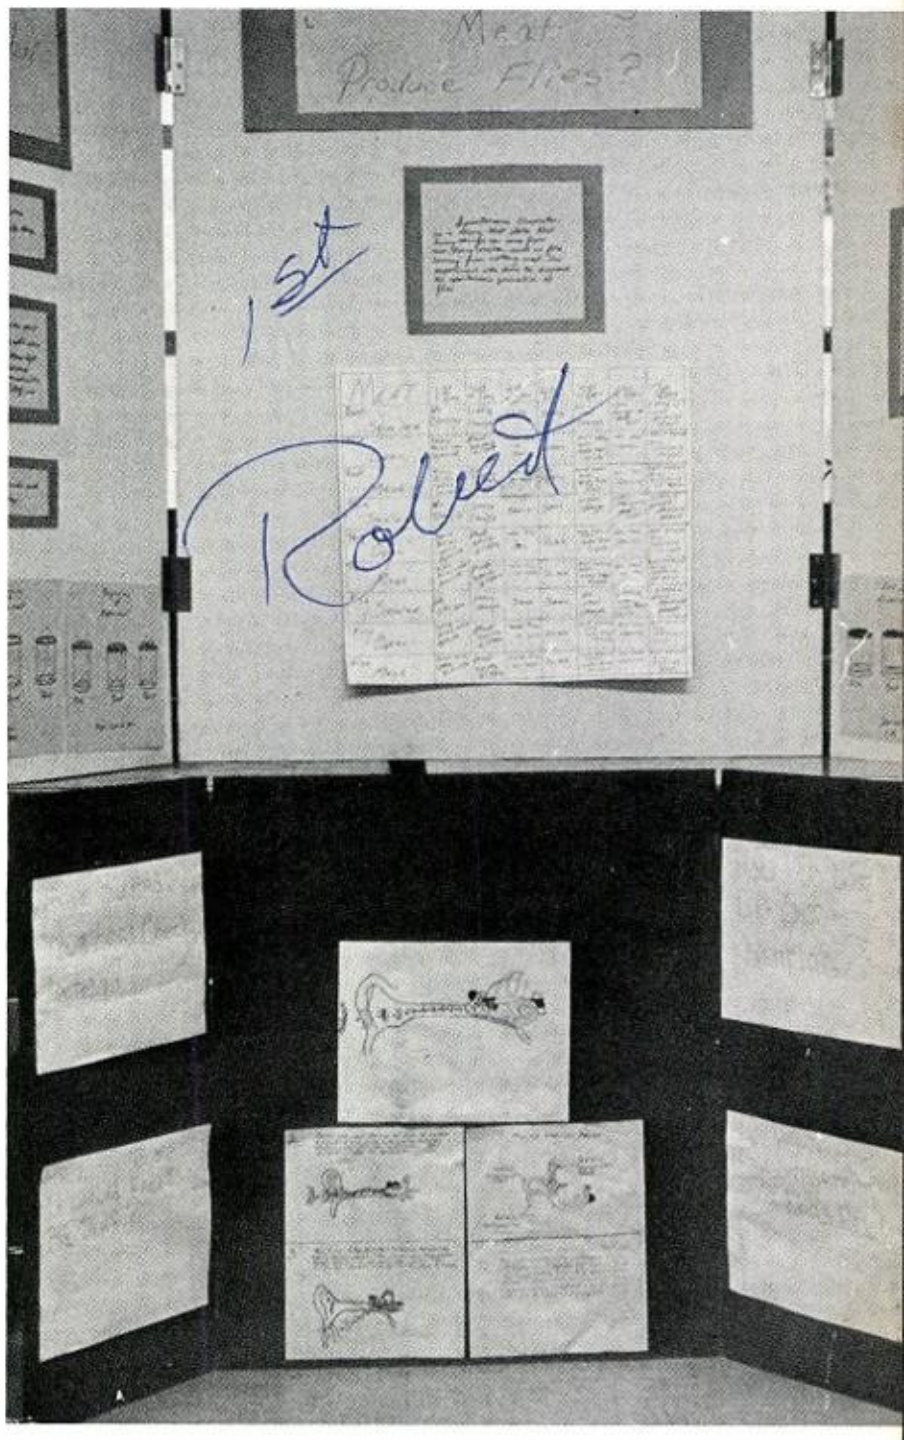
Pictures show the aftermath of the fire that destroyed one-third of the school. Teachers and students now double-up for classes in the English hall and main high school building.

Science Fair Always Has Winners









Annually, the interested science students display their projects in the school's science fair. The first and second place winners improve their projects and enter them into the First District Science Fair held in Savannah. Winners from the District then go on to the State Fair in Athens. It's a great deal of work, but most of the students agree it is worth it.

Students Participate in Classroom Projects

Lucretia Anderson and Dennis Wiley are helping Debbie Anderson and Tracye McIntosh do the witches scene from MACBETH for their college prep English class. Greek and Roman gods and goddesses descend from Mt. Olympus to be on a talk show sponsored by Mrs. Pitner's 8E English Class.

Advertisements and subscriptions amount for most of the revenue used to publish the BUCCANEER. The students in the journalism class must raise the balance of an annual budget of $6,000. Dear Jammy,

I started to write in black, but then I changed my mind — because most of the writing I do to and for my students is in red — is it familiar? I'll always remember my first year at MCA — hopefully I have made some friends, probably some enemies! I am writing on this page because the telephone reminds me of you!

I appreciate your willingness to help me. I'll never forget your thoughtfulness.

Stay on the right track! you have the ability to succeed!

Love and prayers!

This year has been one that I know I will always cherish. I felt honored to be chosen the editor of the 1978 BUCCANEER. Being the editor has provided me with invaluable experience I could not have otherwise had.

This yearbook contains many hours of hard work. As a matter of fact, MCA would not have a yearbook if it were not for the work, time, and dedication put forth by the entire staff. I would like to thank them for their efforts and especially Chuck Durant for his outstanding photography.

Everything done well needs some sort of guide—one who is patient and understanding, but also firm and determined. I feel Mrs. Wilson has shown she can fulfill these requirements. Throughout the year she has helped us out in times of depression, need, and near bankruptcy. I would like to give her extra special thanks for her time and help. Thanks also goes to Mr. Yarbrough for contributing artwork and to Mrs. Gale for providing assistance in time of need. Appreciation also goes to everyone who helped in any way. We could not have done it without your help. I honestly believe this is the best yearbook ever published. I wish next year's staff the best of luck in making their annual even better.

Sammy,
You're a crazy
person, but sweet
at times. I hope next
we can be in some classes
together. Remember our typing class, we
gave Mrs. Dunn a hard time. Take
care this summer. Stay sweet.
